## **MINUTES OF THE PUBLIC HEARING**

**Tanauan Presidencia Lobby**

**Tanauan Town Hall**

**November 24, 2022 (2PM)**

**I. OPENING PRAYER. (Overture)**

**II. PRELIMINARIES.**

The proponent of the proposed Ordinances, Hon. Borja, acknowledged the presence of the Chairman of the Committee on Rules, Hon. Isagani S. Espada; the Chairman of the Committee on Barangay Affairs, Hon. Ma. Martina L. Gimenez; the Chairman of the Committee Youth, Hon. Gil Mark L. Fiel; SB Member Hon. Mark Efren Merilo; the Chairpersons and representatives from the 54 barangays of the municipality and all other stakeholders and attendees of the said Public Hearing.

**III. PRESENTATION OF THE FIRST PROPOSED ORDINANCE.**

**A PROPOSED ORDINANCE INSTITUTIONALIZING THE "FREE ACCESS TO MEDICINE (FAMed)" PROGRAM IN THE MUNICIPALITY OF TANAUAN, LEYTE; PROVIDING GUIDELINES IN THE IMPLEMENTATION THEREOF AND APPROPRIATING FUNDS THEREFOR.**

**IV. DISCUSSION/OPEN FORUM.**

PB dela Cruz of Brgy. Cahumayhumayan asked the proponent when will the said Ordinance will take effect and Hon. Borja answered that once the same is approved it will be deemed in force. Hon. Espada also added that the said Ordinance will also be published and thus will be effective after the required publication.

PB Omega of Brgy. San Victor also asked if the budget allocation of the LGU for the said program will be sufficient and the proponent answered that though they have initially indicated a budget appropriation of 2.5 Million for the said program for CY 2023, the same may be insufficient. Hon. Espada added that at present there is only an allocation of 350 thousand for the said program but by the following year, if the initial amount of 2.5 Million will be insufficient then it may be subject for Supplemental Budget.

PB Badana of Brgy. Guingauan asked whether prescription receipts coming from private doctors will be honoured and Hon. Borja answered a qualified yes since under the proposed Ordinance, it will only be allowed in emergency cases. Hon. Borja added that the available medicines under the program will be those for common ailments only and should the said medicines are unavailable, the MHO will issue a note so that the client will be endorsed to cash assistance for medicines under the AICS.

The Municipal Accountant, Mr. Mar P. Villegas, verified if in the proposed Ordinance, there is an intent to amend the AICS ordinance so that those who can avail medicines under the FAMed are already barred from availing cash assistance under the AICS

program emphasizing that the AICS program has been abused by most clients. He added that it should also be emphasized in the Ordinance that for purposes of availing cash assistance under the AICS program, the prescription receipts should be issued by government doctors only.

Hon. Borja answered that there will be a system or database so that it would be easy to determine if the client has already availed of medicines under the FAMED Program and the said client cannot anymore avail under the AICS program within the quarter within which said client has just availed from FAMED.

Mr. Villegas exclaimed that the said provision should be expressly provided under the FAMED Ordinance to avoid any room for confusion especially to the implementing body. Hon. Espada that claims for cash assistance under the AICS Program will be governed by the AICS Ordinance and that any amendment thereto will be made separately. Mr. Villegas however countered that it is better to incorporate the said amendment as it may be forgotten to amend the AICS Ordinance and further contended that the later Ordinance may just contain a repealing or amendatory clause so that the FAMED will be implemented in correlation with the AICS ordinance.

Hon. Borja, the sponsor of the proposed measure agreed with Mr. Villegas and noted to **add the provision on the Specific Guidelines under Section 5. D. that any person who has availed of the benefits under the FAMED Program shall be barred and shall no longer avail of the Cash Assistance for Medicines under the AICS program within the covered period or quarter.**

PB Garcia of Brgy. Binongto-an inquired whether all the required number of medicines as prescribed will be given and Hon. Borja answered in the affirmative provided that supply is available. PB Omega on the other hand ask about those who have monthly maintenance whether they can also avail once every quarter only and Hon. Borja said yes and further explained that they may resort to other national agencies or NGOs who provide similar assistance. Hon. Espada seconded that it is provided under the proposed Ordinance on non-diminution clause.

Hon. Gem Fiel asked if the provision under Section 5 (a) (2), means that any patient on emergency cases can avail of the program regardless of his or her income or is not indigent and Hon. Borja answered in the affirmative. PB. Garcia again asked if prescription is not issued by a government doctor since no doctor at the RHU is available at all times and so most patients would resort to private doctors whether indigent or not and Hon. Espada answered that it will be considered even if issued by a private doctor when the same falls within the cases of emergencies.

Ms. Lala Cumpio asked whether the Certificate of Indigency required for availing the benefits under the FAMED should be under the name of the claimant representative just like in claiming the benefits under the AICS and Hon. Borja that for FAMED purposes, the said certificate should be under the name of the patient.

There having no further questions on the said proposed Ordinance, the Proponent proceeded with the presentation of the second proposed Ordinance.

**V. PRESENTATION OF THE 2<sup>ND</sup> PROPOSED ORDINANCE.**

**A PROPOSED ORDINANCE INSTITUTIONALIZING THE "MOBILE HEALTH CARE SERVICE FOR THE ELDERLY" PROGRAM IN THE MUNICIPALITY OF TANAUAN, LEYTE; PROVIDING GUIDELINES IN THE IMPLEMENTATION THEREOF AND APPROPRIATING FUNDS THEREFOR.**

**VI. DISCUSSION/OPEN FORUM.**

Hon. Espada emphasized that the Mobile Health Care Program has already been implemented during the previous administration and that the present administration has just continued the same.

Kap. Josephine Angelio of Brgy. Pasil raised her complaint about their farm labourer who was wounded by the land master **blades in the morning of that day and was brought to the RHU of this municipality however, according to her the nurse on duty was hesitant to accommodate the patient in fact it was the patient who did the dressing on his own wounds.**

Mrs. Coronado, the mobile nurse assigned for the COSE program raised her hand to answer the concern of PB Angelio and stated that *"it is a general rule, that we prioritize our safety first...kun nangingiw-iw an nurse, maybe there were no more gloves that is why."*

Hon. Espada asked if Dr. Santo was notified and if a representative was sent to attend the said Public Hearing and Hon. Borja stated that Dra. Santo was invited but texted that she was sick.

The HRMO, Ms. Baranda, after being recognized by the proponent explained that all of the Health Personnel are on a training except for the newly-hired nurse who is still processing her documents. Ms. Baranda expressed that she was disheartened to her of what Mrs. Coronado said and further exclaimed that if the reason was there were no more gloves, the personnel should have procured to replenish the supplies already even before all the supplies are depleted. Hon. Espada exclaimed that they will raise the said concern under their Committee for a legislative inquiry.

**VII. ADJOURNMENT.**

**There having no further query, the Public Hearing as adjourned at 4:15 in the afternoon.**
