Honorable Emnas, opines and inform the Body, that the revision of some provisions in Ordinance N0. 12, series of 2017, primarily focused on the regulatory fees and other charges, and in some specific sections in the Ordinance to enhance the rules and procedures in the current operation of the Public Market, and then after proceed to discussed some specific sections in the Ordinance which have been amended, to wit:

MINUTES OF THE SB 16th REGULAR
SESSION HELD ON NOVEMBER 14, 2022.

Honorable Francisco R. Altres inquire from Hon. Emnas pertaining to the amended/increase of the regulatory fees, on whether it is high compared from the previous Ordinance. Hon. Emnas replies that the increase is minimal which is around 0.15 centavos under Section 2.2 and P 5.00 pesos under Section 2.6, he further said that the committee is open for any amendments the Body will proposed, and he will be amenable if there are corrections/amendments which will be introduced by the SB Members.

Honorable Martin A. Que, inquire from Hon. Emnas, if the MTO is issuing a corresponding cash ticket for the payment of the market entrance fees, under section 2.6, and if the MTO has a cash ticket valued at P 1.00 peso/each.

The Chair suggest to the committee to inquire from the Municipal Treasurers Office (MTO) the amount of every cash ticket they were issuing at present, and whether it is divisible at P 5.00 or P 1.00 pesos; so that, when issuing cash tickets, it should be corresponding to the fixed amount being collected, without any change.

Honorable Leo Angelo T. Pormida, informed the Body, that he has called the MTO, and informed him that the cash tickets they were issuing at present is valued at P 5.00 pesos each.

The Chair asks further from Hon. Emnas, that the type of dealers/products for N0s. 8-11 there is no changes on the corresponding entrance fees. Hon. Emnas replies that there are no amendments for the entrance fees in N0s. 8-11;

The Chair declares that it has been resolved and duly concurred by the Body that for the entrance fees of every type of dealers/product under Section 2.6; N0s. 1-7 is at P 20.00 pesos, and under Section 2.2 rental fees for booth/stalls-commercial building is P 5.00 pesos per square meters.

Further the Chair, asks on the exemption of payment of the slaughter house fees on large cattle, and other similar animals, under chapter III, Article 3, Section 1 "Slaughter and Coral Fees" there is no amendments on the provision. Hon. Emnas replies that the provisions have not been amended.

Honorable Francisco R. Altres, inquire from Hon. Emnas, in Chapter III, Article 3, Section 1, on the impositions of coral fees of P 100.00 /day on large cattle, under par. B, and in par. C and for other similar livestock if that fee is collected for the use of the corral/or for up-keep of the livestock in the slaughter house, and there is no increase on the fees.

Honorable Julian L. Emnas, replies that the coral fees of P 100/day has not been amended, and it is imposed/ collected from the owners of the animals to be slaughtered which are deposited in the coral owned by the LGU.

MINUTES OF THE SB 16th REGULAR
SESSION HELD ON NOVEMBER 14, 2022.

**Honorable Alexander N. Salgado, speaks out and then invites the attentions of the Body on Section 4, Article 2, Chapter V, he proposed to the Body to amend the "word occupying to operating.*

Honorable Martin A. Que, opines and said that the purpose of the amendment introduced by Hon. Salgado is to simplify on the word occupying to operating which for him is more understandable by the public.

Honorable Leo Angelo T. Pormida, took the floor and said that he concurs to the proposal of Hon. Salgado and suggests further to make it more concrete is to amend by inclusion to read occupying and operating, which all the Body concurs thereto.

Honorable Francisco R. Altres, inquires in Article 4, Chapter IV, pertaining to the tabo day every "Thursday, for he noticed that it did not prosper; hence, the market day of the LGU is always every Sunday/s.

The Chair, opines and inform the Body, that in the previous administration, the Sanggunian has enacted a resolution declaring "Thursday" as Tabo day. Hon. Altres, is correct to say that it has not been popular to the public, it is maybe because the local constituents were not fully informed, and same true with the vendor/s from neighboring municipalities were not aware on the Tabo day every Thursday/s.

Honorable Alexander N. Salgado, opines and said considering that the Tabo day every Thursday has not been popular to the public, suggest for the LGU to concentrate Sundays only as the Tabo Day, where the local constituents have been used to.

**Honorable Leo Angelo T. Pormida, opines and informed the Body, that during the committee meeting to review the proposed ordinance there was a proposal that some public market regulatory fees and charges is free during the Tabo Day every Thursday/s, in order to attract local vendors, and supposedly the proposal should have been included in the ordinance, but such proposal/suggestion is recorded in the minutes of the committee meeting.*

The Chair opines and said that the suggestions to waived some regulatory fees during the Tabo Day every Thursday, is seemingly feasible in order to attract and encourage vendors; and as such, amendment maybe be included in the final draft of the ordinance.

Honorable Alexander N. Salgado, opines and said, that he concur to waived the certain regulatory fees and charges imposed to vendors during Thursday-Tabo day to encourage them, and he also suggests for the LGU to use media to advertised that there is a Tabo Day in Jaro every Thursday/s for the information of the local constituents and vendors from the neighboring towns and further suggests that once the Tabo day every Thursday, will be fully established, perhaps the LGU may gradually imposed the regulatory fees and charges provided for in the ordinance.

PAGE 8 OF 22 PAGES
MINUTES OF THE SB 16th REGULAR
SESSION HELD ON NOVEMBER 14, 2022.

Honorable Francisco R. Altres, suggests to Hon. Emnas, to prioritized the renovation of the toilet facilities in the public market for he noticed that it is not well - kept and unsanitary to use. The Chair, suggests to the committee to coordinate with the MHO-Sanitary Inspector to frequently inspect the toilet facilities in the public market. In addition, thereto, Honorable Alexander N. Salgado, suggests that the LGU should assign a permanent employee who will be in-charge in the cleaning the toilet in the public market.

Honorable Leo Angelo T. Pormida, suggest for some amendments by inclusion in the ordinance to wit;

- 1. xxx that there should be assigned permanent employee/Market Inspector/s in every section in the public market who will be in-charge for the orderly supervision in the operation of stalls/ booths in the public market.*

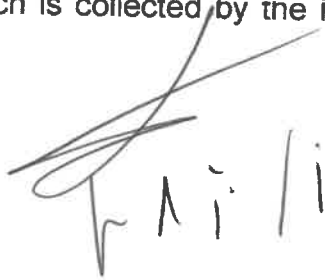

Honorable Leo Angelo T. Pormida, opines and invite the attention of the Body, on Article 5, Chapter IV, which provided that the sanitary maintenance and inspections of market stalls, booth, tienda/s shall be govern by the health and sanitary order, rules and regulations which were formulated/promulgated by the DOH or by the MHO, and adopted by the Sangguniang Bayan, in accordance with R.A. NO. 856, known as 'Code on sanitation of the Philippines and R.A. 9003 known as 'Ecological Solid Waste Management Act.

Therefore, the MHO, thru its sanitary inspectors has the responsibility in the maintenance of health and sanitation in the entire premises of the Pubic Market, there is only a need for an appropriate coordination.

The Chair, said that there is a need for the committee to formulate the IRR of Ordinance NO. 10, Series of 2022, immediately in order to provide the minutest details of the ordinance, specifically on health and sanitation, and to coordinate with the office and personnel concerned (MHO), for the sanitary maintenance in the public market.

Honorable Rey P. Aure, inquiries from the proponent pertaining to the stalls constructed within the perimeter of the Bagsakan area if the fees/rentals collected for the use of the stalls the rates will be in accordance to Ordinance NO. 10, Series of 2022, or it is based in a separate and existing local law.

The Chair, informed the Body, that the stalls built within the perimeter of the Bagsakan area was constructed by the LGU, and it has a corresponding area therefore the fees/rentals for its use which is collected by the MTO is based on the Revised Municipal Tax Code.

The Chair, discuss to the Body, on Section 6.2, Section 6 – exemptions on the payment of slaughter house fees, under Article 3, Chapter III, which provide that “Meat Processing outside the Slaughter House” specifically for domestic consumptions shall no longer be subject to slaughter house fees, but all other necessary regulatory fees shall likewise be imposed, (ex. slaughtered carabao, or cows and other similar large cattle/ or livestock) and asks Hon. Emnas, if the provisions has been amended. Hon. Emnas replies that the provisions have not been amended.

Honorable Francisco R. Altres, inquiries from Hon. Emnas pertaining to those operating/vending processed meat outside the public market which is purportedly known as “Meat Shops” are they being charge for the regulatory fees, and what would be the rules, regulations and procedures to be followed by the owner/operator on meat shop establishment and its operation.

Honorable Leo Angelo T. Pormida, for and in behalf of the committee replies that in Ordinance N0. 12, series of 2017, “Meat Shop” operators were not allowed; however, under section 4 Article 1, Chapter VI, of Ordinance N0. 10, Series of 2022, Meat Shops establishments/operations is already allowed in the Municipality of Jaro.

On Section 4, Honorable Pormida, continues provided that meat shop operations shall follows the standard requirement and proceedings, in accordance with the National Inspection Service, and other governing laws, the committee will formulate the IRR on the rules and procedures in the operations of meat shops in the LGU.

Honorable Jonell Martin A. Que, opines that during his conversation with the meat and fish vendors operating inside the public market, it is their request to regulate the illegal fish and meat vendors in the municipality and then inquire if the 2.0 kilometers radius prohibition contained in ordinance N0. 12, series of 2017, will still applies.

Honorable Leo Angelo T. Pormida, replies that in Section 3, Article 2, Chapter VI, the 2.0-kilometer radius, reckoned from the Public Market still applies, Hon. Pormida informed also the Body, there are cases thar still holders in the wet market (fish/meat) were also vending meat and /or fish outside the public market, the rationale of allowing meat and fish vending beyond the 2.0 kilometers radius to give the opportunity for the barangays to establish their own “Talipapa Market.”

The Chair said that the information given by Hon. Pormida is true, and considering that the committee on Market and Slaughter will conduct the public hearing on November 17, 2022 at the Public Market, suggest to the committee to fully informed the meat and fish vendors that fish and meat vending is allowed, provided it is beyond the 2.0 kilometers radius provided for in Section 3, Article 2, chapter VI of ordinance no. 10, series of 2022, in order to resolved the issues.

A collection of handwritten signatures and initials in black and blue ink, located at the bottom of the page. Some are circular or scribbled, while others are more legible, possibly including 'SBO', 'jcm', 'jam', 'jac', 'rbo', and 'nrb'.

The Chair said further that Ordinance NO. 10, Series of 2022, is still for plenary discussion under the second reading—and continuance of its considerations will be in the next regular session, and at the same time, for the adoption of the committee report of the public hearing.
