MUNICIPAL ORDINANCE NO. 12, S-2022-2025

AN ORDINANCE ADOPTING THE REGISTRATION OF MUNICIPAL FISHERIES AND FISHING VESSELS, THREE (3) GROSS TONS AND BELOW, AND LICENSING OF FISHING OPERATIONS IN THE MUNICIPALITY OF VILLABA

EXPLANATORY NOTE

One important power that is not lodged with the municipality is the power to protect the environment as it relates to the utilization and conservation of municipal water resources and the enforcement of fishery laws in municipal waters.

The devolution of the power to enforce fishery laws in municipal waters including preservation of mangroves to local governments will hopefully minimize the use of dynamite, the poisoning of fish and other illegal fishing activities as well as the despoliation of our mangrove resources.

The local council is tasked with determining who may be given exclusive fishing rights and privileges within the LGU's territorial waters. This is a device for the local government to promote and protect the interests of local marginalized fishers, and at the same time, to conserve its marine resources.

CHAPTER I GENERAL PROVISION

SECTION 1. – TITLE. This ordinance shall be known as the "Fishing Registration and Licensing Ordinance of Villaba."

SECTION 2. – SCOPE. The ordinance shall be applied to all municipal capture fishers, their vessel, gear and other paraphernalia, which are operating in the territorial waters of the Municipality of Villaba.

SECTION 3. – POLICY. It is the policy of the Local Government Unit of Villaba to promote the proper management, conservation, development, protection, and utilization of its municipal waters. Also, it shall regulate the utilization of its coastal and fishery resources
