Tacloban City

Dear Director Torrecarion:

Greetings from Masaganang Inopacan!

The Municipality of Inopacan, Leyte is a fourth-income class coastal municipality located in the southwestern portion of Leyte which top two hazards are flooding and landslide.

Prone to the hazard of landslide are the upland barangays of Hinabay, Cabulisan, Caminto and De los Santos, which are all rural barangays contiguously connected and are traversing the provincial road of in Brgys. Hinabay and Cabulisan.

The successive onslaughts of typhoons "Odette" and "Agaton", caused flooding and landslides in hazard-prone barangays, leaving major damages to public infrastructure in the municipality including the aforementioned provincial road, which due to the damages it sustained have been temporarily closed to four-wheel vehicles.

Due to the foregoing premises, this municipal government would like to respectfully request assistance from the agency for the Rehabilitation of Barangay Hinabay to Cabulisan Provincial Road. *Attached is a copy of Joint Resolution No. 01, s. 2023 of the four barangays, addressed to H.E. President Ferdinand R. Marcos, Jr., in support of the foregoing request.*

We sincerely hope that our request earns your approval the soonest time possible as we continue to fear for the safety of our constituents and of the economic loss our farmers have to endure due to this unfortunate incident.

Thank you very much and looking forward to receiving your favor.

Very truly yours,

ROGELIO L. PUA, JR.
