2nd INDORSEMENT
 July 8, 2024

Respectfully returned to the Sangguniang Panlalawigan of Leyte, through SP Secretary, the attached Ordinance No. 7 of the Sangguniang Bayan of Capoocan, Leyte.

Issues/concerns for review/recommendation/legal opinion is/are as follows:

- Ordinance No. 7 entitled: **An Ordinance Providing Guidelines on the Utilization of Emergency Transport Vehicles/Rescue Vehicles of the Local Government Unit of Capoocan, Leyte, Providing fees thereof and for other purposes.”**

REVIEW/RECOMMENDATION/LEGAL OPINION:

This office is of the opinion that the subject Ordinance is within the corporate powers of the local government unit particularly covered under Section 447 and Section 16 - General Welfare Clause of the Local Government Code of 1991.

However, perusal of the contents thereof, this office is likewise of the opinion that:

- 1) There is a need for the requesting sangguniang bayan to **organize** their guidelines for **emergency services** and **non-emergency services** in order to avoid confusion and further interpretation by the public taking into considerations the DOH Administrative Order No. 2010-0003, January 07, 2010 relative to the National Policy On Ambulance Use And Services and the applicable PDDRM Guidelines.
- 2) Although Section 447 (2) allows local government to generate and maximize the use of resources and revenues as well as (ii) approve ordinances prescribing rates for general and specific purpose the same shall be guided by the principal that it must not be unjust, excessive, oppressive, or confiscatory¹. Thus, it is recommended that the LGU should attach its basis and references of said fees for review and consideration of the Sangguniang Panlalawigan.
- 3) Their Ordinance should stipulate in its “**whereas**” clauses the principle/purpose behind the imposition of fees and charges in order to specify its nature being regulatory or otherwise.² (i.e. if regulatory) “*that the fees collected shall be used to defray cost for repair and maintenance of the ambulances or rescue vehicles and for possible purchases of similar emergency vehicles in the future.*”

We hope to have assisted you with this request. Please note that the opinion rendered by this Office are based on facts available and may vary or change when additional facts and documents are presented or changed. This opinion is likewise without prejudice to the opinions rendered by higher and competent authorities and/or the courts.

36 **SECTION 5. FEES.** All shall be guided to the following fees schedule:
37

38 Hon. Misagal: Masiring kamo "kapitana kay kanan gobyerno man ito, kay ano man may
39 bayad?" so, ito nga mga bayad that is also to regulate, kay kun diri kita magpapabayad cempre
40 pareho hiton barangay limitado la an aton pondo, that is to regulate han paggamit. Diri ginsisiring
41 nga gindidiri pag gamit, it's just that nga may mga regulasyon kita kay kun tanan lagi aton
42 tangduan, January pala depleted na an aton resources labi na iton fuel consumption. When it
43 comes also to maintenance, kay cempre pang gasolina la waray ipaarayad, badaw upos na iton
44 goma, upos na an break pad, may mga kailangan kumpunihon iton aton sarakyan, hinumdumon
45 naton ini nga sarakyan pag transport han pasyente para mabuhi. Diri dugngan an ira
46 kadelikaduhan.

B. NON-EMERGENCY TRANSPORT

REQUESTING PATIENT	DESTINATION	FEES
Resident of Capoocan	Biliran	1,500.00
	Ormoc/Palo/Tacloban	1,000.00
Non-Resident of Capoocan	Biliran	2,500.00
	Ormoc/Palo/Tacloban	2,000.00

No other amount shall be collected other than what is stipulated in this section.

Hon. Misagal: Kun an requesting patient taga Capoocan, provided nga naghatag hiya hin proof of residency, kun an iya biyahe tikadto ha Biliran, that is 1,500.00. Kun pakadto Ormoc/Palo/Tacloban, 1,000.00 an bayad. Going back, non-emergency transport asya kailangan naton masabtan ano ito nga mga non-emergency transport. Amo iton mga mapa check-up, mapa dialysis, mapa urinalysis, CT scan, basta diri emergency. Next, Non-resient of Capoocan, masiring kamo kay ano matatabo hini nga may ada mga diri residente hin capoocan nga kailangan man nira ig-transport? Sugad hini an matatabo, according han manifestation, during han first reading ngan han committee meeting hini nga ordinansa, pananglitan may ada na disgrasay hin motor, signgon ta didi Culasian, ha may guisok, signgon ta taga Biliran hiya, maresponde an aton disaster team ngan an aton MHO. So, upon recommendation ni doktora, dri man ini hiya grabe, pwede na ini hiya umuli ha ira. Kun taga Biliran hiya, kun mapadulong hiya han ambulance nga waray man recommendation ni MHO nga dadad-on hiya ha hospital for further nga mga health care services, then, mayda niya fee nga 2,500.00, kay dadad-on hiya ngadto ha Biliran. So, kun dadad-on hiya ha Ormoc/Palo/Tacloban kay taga didto hiya, dinhi la hiya napangusan, baga natumba an iya motor, 2,000.00 an aaruon. Amo ito an mga cases usually, kay myda iba nga for example. taga leyte-leyte hira, na disgrasya hira didi capoocan, na request pa hira nga igdulong pa hira han aton DRRM, didto ha ira lugar. Siring paman, diri man signgon nga gindidiri but gin reregulate la naton, kay ito sana nga aton gagamiton nga fuel, magagamit nala unta hiya para han next nga patient nga needed ma transport ngadto ha medical facility. With that ano, amo gud ito an pinaka highlight, any comments, suggestions, reactions hito nga aton fees?

PB Capaycapay: Ha fees ano, question kula, diba nasiring ka nga we have to regulate, kay ano an amount is baga huruhitaas man, since may ada man kita baga ig a-allocate nga fund, 800,000.00 to 1 million, I think ha akon, bisan an non-resident or resident han Capoocan pahub-an ta han fess kay bag ahitaas ito. Next, makadi ako didi hit section 4 han guidelines, pwede diri ta nala ig include didi an nasiring ha section 4, *A. All Vehicles shall be available for all, either Capoocanon or Non-Capoocanon who are in need of emergency and non-emergency transport given utmost priority to the former.* Kasi dapat kun non-emergency na ngani, siguro bangen case to case basis la ini, diri kay baga for example kun ig tatravel ta an non-emergency cases ngadto han mga town, tapos pepera la an aton available nga ordinance, so bagan diri hiya makaka serve han aton purpose kun kaya no may ada kita ambulance ha Municipyo, RHU, unless, siguro ini nga *Bringing patients from the health facility to home,* siguro pwede ini hiya case to case basis lugod. Pwede la hiya ig allow, kay ano, may ada iba nga patient nga diri talaga pwede ig sakay ha mga private vehicle, as a nurse by profession, kay ako base han akon observation, specially iton mga most operative cases, siguro pwede ito naton hiya ig consider. Next, is paragraph G. *Upon transport, all patient/s are monitored by the accompanying responder/s using Patient Care Report. PCR shall be signed by the patient or any representative.* Ini nga iyo kuan is hino an naupod ha part han RHU, hino an naupod nga well trained talaga pag CPR in cases na kikinahanglanon or whatever happens during the transport of patient?

Hon. Misagal: Number 1, you are telling us that this is about the regulation, so why ask for higher fees? With that, kapitan before kita mag came up hini nga fees, syempre nag consult han drivers who are knowledgeable kun pera iton gasolina. So, with that I would like Sir Rogel and Doktora to answer the said questions of Kapitan Capaycapay, with regards to the high fees imposed nga regulatory manla unta ini hiya kay ano hightaas hiya?

MDRRMO Sarigumba: Actually, tama po adto nga the fees are consulted han tarlan namon nga mga drivers. Now, the reason why nga kailangan hiya hin fees, because na experience kasi

1 namun bisan diri hiya emergency, for example mapa check-up, ginkakadto la gihap ha opisina that
2 is the reason why we have to regulate, an aton gasto actually last year, umabot kami hin almost
3 1M kun waray ma regulate, yana regulated na daan upod na an tubil. Kay ano sugad hiya nga fees
4 because amo ito an recommendations han amon mga drivers, based han experience nira hira
5 talaga na gintatahod, specially han aton yana fuels mas hitaas pa talaga it price. Now, remember
6 nga ini nga mga fees aton la ini hiya ginhahatag ngadto han non-emergency patient. Kun
7 emergency talaga hiya it's a matter of life and death we will cater immediately. Diri na kami
8 masiring nga igschedule niyo or bayad anay kamo. This is for non-emergency cases mga
9 kinahanglan hin request, kikitaon ni Doktora an aton Physician kun emergency or non-emergency
10 hiya. Actually danay diri nagad kinahanglan kitaon ni Doktora, kay bisan kami nakikita namon hain
11 an emergency hain an diri. Yun lang siguro, ha akon na end ha DRR, RHU we come to have this
12 fees para ma regulate liwat an aton overspending han fund didto han diri mga emergencies nga
13 cases.

14
15 PB Capaycapay: While waiting, pwede mag response lat ako han kan Mr. Sarigumba.
16 Regarding kasi han nagreregulate kita ngan nagconsult kamo ha mga drivers or ha gasolinahan, I
17 think this not an income generation, yes I understand na an aton gintatagan hin fees, subject hini
18 nga mga fees an mga non-emergency, but my point is kay ano sugad kahataas? Nga where in fact
19 diri man hiya magiging income generation han aton Municipality, regarding ito nga amount kun
20 pera it gasolina or krudo nga nagagamit. Since nag a-allocate kita hin fund, nakita ko didi from
21 800,000.00 to 1 Million a year, although siring pman gutiay gadla ito hiya pero once ngani ighataas
22 ta hinduro, for example masiring kita nga, yes upon han aton examination they are non-
23 emergency, pero may ada man non-emergency nga diri talaga makasakay hiton public transport.
24 So, an akon la point is kay ano nga diri ta mahamub-an bisan guti.

25
26 MDRRMO Sarigumba: Ig clarify kula po an fund allocation nga imo ginsisiring, the allocation
27 of fund waray po kita yana, waray po kita allocation han MOOE except han disaster fund, so the
28 allocation here na 800,000.00 and 1 Million para han repair and maintenance for 5 vehicles nga
29 gingagamit hin LGU including han floating assets. Now, magkakamay ada la allocation kun may
30 ada liwat ini nga mga fees, because sir kailangan talaga hiya ig regulate, based han akon
31 experience diri talaga pwede ini nga pabay-an ta nga sugad la an nagagasto naton ha kanan LGU
32 fund ngadto han diri emergency cases. Kun an request naman to lower fees, I think it is up for
33 another deliberation siguro. Thank you.

34
35 Hon. Vallar: Good Afternoon. That is a very good question and clarification from our
36 Honorable Captain from Barangay. Balud, but I would also like to know, what really, you're willing
37 to suggest base on the fees. Base on your opinion, what amount are you willing to suggest that is
38 applicable to the fees that we are going to extend for non-emergency purposes of constituents of
39 Capoocan, leyte? So, what amount are you willing to suggest?

40
41 PB Capaycapay: Thank you Hon. Vallar, regarding han mga resident for non-emergency
42 cases why not for Biliran is ig 1,000.00 ta nala and then siguro Ormoc/Palo/Tacloban is 700, kay
43 yes natitika increase it aton fuel, but then my point is, what if diri nira kaya, diri nira afford, dri man
44 signgon nga nagkukuan hira, kay nagaaghat kita han to regulate, diri man ito ngatanan talaga is an
45 iba nga makasakay la kun emergency, myda iba na mga patient nga bisan diri emergency. Ito na
46 mga cases or dialysis cases dri man ito mga emergency cases but then, they need nga aada hira
47 hit mas safest ngan convenient nga ira sasakyan.

48
49 Hon. Vallar: Your suggestions has been noted and we will look into that in our deliberations,
50 once we finalize the promulgations of ordinances. Thank you. We should decide the matter this
51 time. Would there be a motion?

52
53 MPDC Procia: Maupay nga kulop, nakita ko an karuyag signgon ni Kap En-En. That's a
54 good point manggud kay badaw umabot it punto an usa nga buruligan, kablasanon intawon nga
55 diri naton matra-transport otherwise huhulton ta daw anay nga maging emergency hiya, ada
56 maburulong unta, huhulton ta nga maging emergency case hiya usa ig transport para free diba?
57 So, this should not be the point. I suggest, actually nagkamay ada kami initial discussion with Mr.
58 Rogel and Ma'am Dolor, kay igpupursue ta ha AICS, kay ones from the items from AICS is the
59 transportation assistance, so in the event there should have a corresponding provision on that

Handwritten signatures and a purple official stamp are present at the bottom of the page. The stamp contains the text "By: [Signature] Notarado" and "SANGGUNIANG BAYAN CAPOOCAN, LEYTE".

1 proposed ordinance nga pananglitan makita gud naton nga kablasanon waray ito hiya iisulan
2 intawon, alang naman naton hulaton nga umabot hiya ha ponto nga emergency case na hiya. So, it
3 should transported in coordination with the office of Mrs. Cumpio, thank you.
4

5 Hon. Misagal: Noted. Going back han suggestion, Kons Bong ikaw man an kumarawat han
6 suggestion from 1,500 to 1, 000 and 1,000 to 700. Yana mayada ngadi coming from the Head of
7 the department, hira man po iton hands-on, siring paman hira man iton maaram hiton day to day
8 nga mga operations and transactions han ira opisina. Myda ngadi suggestion, kun mahitabo nga
9 myda kablasanon or indigent nga mulupyo or Capoocanon pwede mandaw ig pursue han AICS.
10 Ano iton AICS? Assistance of Individual in Crisis Situation, pwede ig pursue ha AICS. Kay ha AICS
11 kasi may petty cash, medical related la dapat, with regards to hini nga aton yana gindi-discuss
12 about transporting patients. Kun waray talaga nira iparasahe kay kailangan nira ig C-ray ngan CT
13 Scan, they can go to DSWD, ma present hira hin indigency, ngan madaop hira ngadto han officer
14 or personnel in-charge han AICS, ngan outright tatagaan hira hin monetary nga fund, the exact
15 around 1,000, tapos ikakadto niya or ibabayad niya ngadto kay resesibuhan para maka avail hiya
16 han patient transport vehicle. Going back, kun mapa schedule kita, pananglitan mapa dialysis, two
17 days prior han iyo schedule nga dialysis at least nakapa schedule kana. Syempre an magpapa
18 schedule man an imo upod or an imo bantay or guardian, hiya it ig papa-process, aasikasuhon
19 niya an imo dukumento para ka ma-transport. Pero kun emergency, automatic free hiya, waray
20 hiya problema.

21
22 MHO Taduyo: Kan ma'am Dolor, ma'am kasi, an aton dida kanan DSWD, nga never it
23 happened nga it nangangaro hin bulig nga diri outright, sa totoo lang, kay damo it amun mga
24 pasyente puros ito mga pobrehanon. Bisan 500 la nga makaabot la hira ha Tacloban dako-dako na
25 ito. Pwede an mga pasyente makaaro hin Petty cash na tag 500 nga outright, pero waray pa kita
26 makatitaw hit mga pasyente nga nakaaro, hopefully yana may ada na pasyente nga makakaaro.

27
28 Hon. Vallar: So, an mahihitabo makuan ha AICS, Bangin ma-abuse naton iton aton AICS
29 Fund, every time masiring nala kita nga indigent ini hiya, hinu mag identify, hinu mag classify? hino
30 liwat an magreregulate hito nga AICS, kay bangen puro nala ngayan indigent, amo kasi iton aton
31 problema ngada, no problem with emergencies.
32

33 Hon Carolino: Kons an suggestion ni Captain Capaycapay, bangen an iya ginfe-feature diri
34 Biliran la. Province of Biliran, so, kun aton pa ipapahamubo ngada 1,000.00, how about kun adto
35 ito Caibiran, Bu-ol, nalibot, diri masadang an 1,000.00. Waray la niya mabutangi nga province of
36 Biliran. Kun sumiring kita nga Biliran usa la an aton ginhuhunahuna only in Biliran Municipality,
37 pero Province of Biliran amo ini nga 1,500.00. Diri gud mabug-at, halimbawa kun adto hiya ha
38 Culaba, Bu-ol, Naval, Kawayan, kay Province of Biliran. Amo ito nga ini nga 1,500 okay na ini,
39 waray la didi kabutangi nga Province of Biliran. Salamat.
40

41 PB Capaycapay: Regarding kan Honorable Carolino, kasi it's not a matter of having nga
42 may kita kita, may income. Diba siring ko kanina It's not about income generation, it's about
43 helping or serving our community, so, it doesn't matter kun diri hiya makakasakay, siring paman
44 kun ito talaga nga amount an aton ig cocollet, diba it is a matter of regulating la nga diri hiya dapat
45 maabuso nga bisan hino nala magamit hini nga sarakyan, so, we are not after nga masiring, dapat
46 sakti iton iya ginbabayad kay diri ini pasaherosan. We are serving the community, anyway this is
47 the battle for the whole constituents, we are only here to regulate, or to impelement, so my point is
48 diri kita dapat after kun pera iton gastos hito, kay an aton la kanina kay it is a matter of regulating,
49 nga dri hiya ma abuse, that's my point. Thank you.

50
51 Hon. Misagal: with regards ano, yes we are regulating, ito hiya ira ito fuel, kun mayda ka
52 sarakyan, kay ako personally, para akon, dri masiring nga ou bakay ABC or Kapitan ka, mayda ka
53 kwarta makakabayad ka hito. Yes okay, ada kita ngada but siring paman base on sympathy kay ha
54 imo ito kanina tikang, hira iton maaram kay hira an aada dida. Sige daw hino man an may mga
55 transport vehicles dinhi, labi na an Sto. Nino, hiya iton makakagsiring gud kay iya transport vehicle
56 pati ngani munisipyo nagamit. An iya **agam-agam** ha akon, nakasiring gud adto hi kap Dodong ha
57 akon one time bangen tungod han kawurok niya, "kap bangen nagsayop ada ako pag-aro hito nga
58 transport vehicle from congressman, kay ano kap, kay pag kuan hin pasyente ceompre waray
59 driver, mabayad pa kami hin driver, ako ma-drive kapitan?, ceompre ako an kapitan akon an

1 gasolina, kay diri naman ako makakaaro, diba? Mahatag kapa hin para pagkaon nira, pan-
2 murumedicina, ngan an maintenance pa han sarakyan. Kun mapapansin niyo ano, danay an mga
3 tawo or mulopyo nakakayakan guba naman an ambulance, guba naman emergency transport, it is
4 because of the limited resources han aton government. Pera an aton population nganhi ha
5 capoocan? 34,000.00 and we only have 5 emergency transport vehicles, and the allocation is
6 800,000.00. Balikan ha Tacloban, naabot hin 1,000.00 depende ha auto. With that ano, kamo, mga
7 konsehal ano it iyo kuan kun papahubson hiya or tatagan hin discount?
8

9 Hon. Pigar: Discount Kap tata, proposal man ini naton diba? Amo nga aanhi kita para pag
10 uro-storyahan ini, pwede hiya humangyo, ini amon ini kuan kay kun maghangyo kamo okay la.
11 May senior gihapon ini ngan hin PWD, amo nga aanhi kita, pwede ini hiya hamuboan.
12

13 PB Capaycapay: Permission to speak, please. Point of clarification Hon. Misagal, you can't
14 kun baga siring paman, kuanh an barangay, iba na municipality, they are outside of our topic.
15 Actually, diri pwede naton ig compare an Barangay ha Municipality, yes, makuri bisan ha Balud to
16 tell you frankly, iton aton rescue vehicle ginsiring ko ito before talaga nga diri ko ito igrereceive
17 once diri nyo ginaayos, kay dako ito nga problema. Pero siring paman an aton yana
18 ginurostoryahan ayaw na kita pag kadto yana ha Barangay kay it's a different story, diri kita
19 makaka suffice an aton budget ha Barangay to support the whole constituents. We know for the
20 fact nga na-depend la kita han aton income, pero the Municipality mayda hira a lot of resources in
21 treating them, nga mayda kita hito talaga pagbulig or pagtrabaho na para kumita. Actually inin akon
22 kuan diri ini debateable, It'a a matter of suggestion, dapat kita mag urostorya kay pwede man
23 sumiring kamo nga yes okay we accept your suggestion but then amo talaga ini an
24 nagpakasunduan han ngatanan. That's it, Thank you.
25

26 Hon. Misagal: Amo ngani ngcacame-up kita hin alternative para maibsan, para maka cater
27 kita han tanan on walks in life han aton mga pasyente. Para hit diri makakaya paubos nala hit
28 1,500. No, this is not an income generating, it is actually survival. Survival in a sense nga diri la
29 nga puro la kita kabi, we will also do our part, you cannot compare barangay governance to local
30 governance, yes we can, if the barangay has the scope of works and the barangay has also sub-
31 sources of income, kun kaya hito han municipyo, the municipyo has other sources of income so as
32 the Barangay, being the local government in the barangay level. So an barangay level an iya
33 scope la is an barangay, an Municipyo bug-os nga 21 Barangays, ha ratio and proportion same la
34 an aton functions, its just that an barangay limitado la dida hiton iyo Barangay, but an Municipyo
35 an iya scope halu-ag hinduro, so, kun limited an imo resources naasa kita han IRA, diri ako natuod
36 nga IRA la, kay that is we have our tax ordinances. Correct me if I'm wrong, may ada kita mga Tax
37 Ordinances nga ginpapatupad. Amo ngani it iba naga-update han ira tax ordinance kay an ira
38 barangay clearance, an fees nira tag bente pesos pala, an fees nira tag singkwenta pesos pala so
39 didi ha munisipyo that what we earned living. So, ito hiya ano, coming from Kapitan Capaycapay
40 nga one time papaubsan naton hin 1,000.00 for Biliran Province.
41

42 Hon. Pigar: Biliran 1,000.00, tapos 700 ha Ormoc/Palo/Tacloban, ano? From 1,000-700.
43

44 Hon. Vallar: Okay manla, kun magpapacheck-up makadto ha Biliran, nga mas maupay an
45 medical services ngadto kisa ha Biliran. Case to case basis. For me, bawas-bawasan ta nala iyo,
46 waray makadto pagpa check-up.
47

48 MHO Tadyo: In response to Kap Capaycapay gihapon, parti hini nga aton fees nga 1,500
49 nganhin 1,000, siguro diri kita magpipinanukot han aton mga kablasanon, pero aada hin may ada
50 mga kwarta nga karuyag la gihapon maka-avail hin libre, ayaw naman kamo pagpalibre na.
51 Ikakadto ta ha ira ini nga tarifa, an mga may ibarayad nga karuyag magsakay hini nga, pero an
52 mga waray kwarta diri naton hira igbululig hini nga tarifa. Okay ba adto? Ig bululig naton an
53 guidelines nganhi kun hino an, definitely mabubulig talaga nganhi nga libre an aton mga PWDs,
54 Senior citizines ngan an aton mga 4Ps. labot han iba nga mga pobre. Pero an mga may nasweldo
55 ada sakob han aton middle income, labi na nga nalabaw pa ngani an aton middle icome nga
56 karuyag pa maka libre, ayaw naman, kay damo an aton natatamakan hito, damo iton diri nalibre
57 nga may ada nga karuyag makalibre. Thank you.

1 MDRRMO Sarigumba: Additional lang po liwat ano, iton aton po computation of fees is diri
2 la po an diesel gincocompute, becasue non-emergency cases hiya it nananabo DRRMO providing
3 additional fees pa, for example, an aton tawo nga igpapapod ngadto, they are provided han
4 allowances, 300 an incidental expenses nira, kun kwekwentahon ta 1,500-300 that is 1,200 ngadto
5 na ito ha Biliran na, tapos gamit pa nira an aton sarakyan, and remember nga ha Biliran usa la it
6 may Hospital. Tapos adi pa ha, contact iton aton dialysis patient, nag undergo hin dialysis or danay
7 siring pa nga naabtan didto from 8 am until 4 pm. Alas otso hin aga ngadto alas kwatro hin kulop.
8 Na schedule pa ito hiya, so, nadedeprive lat naton an aton iba nga constituents nga dapat tagan
9 naton hin tagsa-tagsa nga sebisyo. I don't think nga an 1,500 or 1,000 pakadto ha
10 Palo/Tacloban/Ormoc, is dadako na hiya nga fees for non-emergency cases. An aton yana diesel
11 ada ha 65-70 ig compute nala niyo, ig add nala naton an incidental expense para han naupod nga
12 driver ngan usa nga crew that is 600 nga daan iban ha munisipyo kun diri emergency nga case. I
13 hope nakikita naton diri la diesel an aton nakikita, but the other expenses as well.

14
15 PB Capaycapay: Hon. Carolino Misagal, since na mention na an other expenses, siguro
16 mayda kita liwat ngadi han section 8, kay naging chargeable na han offices an nakabutang, diri na
17 ha collection, so nag forward, sorry Hon. Misagal.

18
19 Hon. Misagal: Ito kasi hiya, igbabayad manggud ito ha kaban, ha treasury. Cempre kun
20 ibabayad ito ha treasury, igtatarampo ito ha geberal fund diba? Amo la gihapon paglusad hito,
21 ighahatag la gihapon ha empleyado, nga mas damo pa lugod iton siring paman isusulod manggod
22 ito ha kaban, pagsulod ha kaban magiging source of fund hiya, which is source of fund han aton
23 hihimuon nga budget. Same gihapon ito ha Barangay. Para ma clear it minds han aton mga bisita,
24 ini hiya nga aton fees diri la ii hiya pan diesel, diri la ini hiya pan maintenance, in short, baga ka hini
25 hin nag arkila hin sasakyan for 1 day. Kay siring paman kun mkadto ka ha usa nga Medical
26 Facility, napila kaman, diri man pagkadto nimo ikaw dayon it aatinderan, edi cempre kay nagpa
27 schedule ka obligado paghulat an transport vehicle ha imo magkulop, tama o diri? Diri Kaman
28 pwede bayaan nira, labi na kun nagpapadialysis ka pera ito ka hours, diba? So, in short ito hiya
29 nga fees diri la ito hya pan gasolina, hit transport han bug-os nga adlaw han imo activity nga iya or
30 imo ginhuram. Ano man mga Konsehal, are we amenable?

31
32 PB Capaycapay: since you mention about hini nga fund kun ikakain ini hiya, so an question
33 ko yana kay diri man naka state didi ha ordinance ano, hain ito hiya igbubutang, masisingain ini
34 nga collection? Since masiring Kaman nga ibabalik ito ha ira, so didi han ordinance naka state
35 nasiring ka from fund han department, an question ko general fund or trut fund? Kay it is necessity
36 nga masabtan ta kun nasisingain iton kwarta, although masiring kita nga ibabalik ha ira pag gamit,
37 pero dapat transparent gihapon, Thank you.

38
39 MTO Niegas: an pakiana, an bayad makakain? Mabayad ha Treasurer's office, ma issue
40 kami hin receipt, amo iton ipapakita nira hit opisina hin MDRR, then ito nga iyo ginbayad hihimuan
41 namon ito hin report of collection and deposit, igdedeposit ito namon under han General Fund han
42 LGU Capocan, ha aton depository bank ha Landbank carigara, kun baga liquidating ito nga bahin
43 kay mag cha-charge ngani an concern personnel hito nga opisina hit ira travel expenses may ada
44 mapupuno, kun baga makuha hira maiban, mapuno an ginbayad. So, ordinance man ito, counted
45 up to the last centavo.

46
47 Hon. Arboso: Let us now resolve the issue on the suggestion of the Punong Barangay of
48 Balud, kun willing kamo diri kami an Sangguniang bayan kundi kamo, kun willing ba kamo nga an
49 1,500 ma lower ngadi han 1,000 for Province of Biliran, then for Ormoc/Palo/Tacloban, 1,000-700
50 pesos. Kamo an magdedecide, diri kami.

51
52 Hon. Misagal: For Province of Biliran pera an iyo suggestion nga fee? Willing kamo han
53 1,000.00 for resident? From 1,500 to 1,000, example may pasyente gusto niya dad-on hiya didto
54 ha Biliran amo ito an iya babaydan. Ma Rico Kaman o pobre mabayad ka hito nga amount, per an
55 suggestion ni Doktora, kun baga may ada kamo kaya-kaya, iton diri nala kay pan kuan nala hiya,
56 an kablasanon nala an ma utilize, pero siring paman as we are here to regulate the use para
57 tanan pantay-pantay. Bangen sumiring an iba kay pati man gihapon kami Capocanon, 1,500.00, 1,000.00, 1,500.00, 1,000.00, okay majority? Again 1,500.00, 1,200.00, 1,000.00. okay na 1,000.00? 1,500.00? 1,000.00? Kap Roda. Kay kun sumiring an taga Biliran nga taga Culaba ako, taga bu-

1 Tinago, diri la ini limited ha health facility, in short kun may pasyente nga gusto niya magtransport
2 ngadto hito nga mga lugar ano. Ano man 1,500.00, 1,200.00 or kun may ada kita discounts like
3 senior citizens, mayda niya 20% discount, aw libre nala kay libre ngani kan doktora. Senior Citizen,
4 PWD, libre. We will provide another provision for that nga kun senior citizen, libre, usually amo man
5 ito an nagpapacheck up.

6
7 PB Capaycapay: May I have the floor please. To be in short nala ano, igdungan ta na. Hino
8 an gusto nga ig lessen hino gusto e-maintain. Sugad nala kay kun mag usa-usa mabalik nalat kita
9 pagkadi Ormoc/Tacloban kun okay ba kamo. May suggestion is from 1,500.00-1,000.00 han Biliran
10 ito, an Ormoc/Tacloban is 1,000.00 to 700. Who is in favor kun gusto ba niyo pahamub-an or as is
11 ito, basi diri kita magdugay, kay actually siring ko paman diri ini debateable, we are here to
12 suggest, Public hearing balitaw.

13
14 MHO Taduyo: para ha akon Kap kay an mabayad na manla ito an may ada, so pwede na
15 naton ma maintain kay ililibre ta naman an kablas, an PWDs, Senior Citizen, 4Ps, an mga maaram
16 kita nga may ibarayad nga karuyag sumakay, pababaydon naton.

17
18 PB Capaycapay: Pero sometimes diri manggud ito nasusunod, we know for the fact nga an
19 aton siring paman, an gallante mayda ito mga palakasan system. So, to make it sure why not to
20 regulate nala bisan pa may kwarta o mawaray same la ghaon, kay actually iton may kwarta
21 nahatag talaga ito hira, napahalipay hiton driver, napakaon, kun waray kwarta diri. So, amo la iton,
22 an suggestion ko manla kun pwede, that's my question regarding hito na mga fee.

23
24 Hon. Arboso: okay tuhayon ta na ini kay baga nagtitikaghirayo na kita, an aton la pagpipilian
25 is 1,500.00 ngan 1,000.00. Who is in favor of 1,500.00 for Biliran Province, please raise your right
26 hand, (1,500 – 10 votes), as many in favor of 1,000 for the Province of Biliran, so, majority?
27 1,000.00 for the Province of Biliran. Next, as many as in favor for Ormoc/Palo/Tacloban 1,000.00,
28 please raise your right hand, (1,000- 10 votes), as many as in favor of 700.00 for
29 Ormoc/Palo/Tacloban, okay we will add additional provisions for the 4Ps, PWDs and Senior
30 Citizen, Thank you an public an nagbuot.

31
32 Hon. Misagal: Next, an pakiana ni Kap En-en, about ini han all vehicle shall be available for
33 all either Capoocanon or Non-capoocanon, mas maupay kuno pantay-pantay siring ni kons En-En.
34 Marico mapobre mabayad, so yana mayda ngadi suggestion coming from Doktora nga nahangyo
35 hiya nga diri nala paubsan but the 4Ps, Senior Citizen, PWDs, free. So that's why nga diri nala
36 uubsan kay malilibre naman an Senior, PWD, 4Ps. In short an kaurog nala nga nabibilin an may
37 mga he-agi, but with the kuan of kap En-En nga ayaw kuno mas maupay nga pantay-pantay
38 paubsan ta nala. So, ginpaubsan naton, is it kuan nga pati 4PS, Senior ngan PWD mabayad? Ano
39 man, kamo? Kay we will add another provision nga ini hira nga mga sectors waray bayad. So, an
40 PWD case to case? Han mga amputated la, those who can present PWD ID , pero waray paman
41 coming from the public. So, ano any motion coming from the public? Ighihimo nga free, an Senior
42 Citizens, PWDs nga may ada PWDs ID Card ngan assessed by the MSWDO and the 4Ps.

43
44 PB Quilarto: May ada gad ako hini idea about hin PWD, kay an San Joaquin mayda ko
45 PWD sugad an iya kamot, pero able hiya, so kun ig free naton able manggud hiya sugad la an iya
46 kamot, tapos myda ko pwd hiya. Dapat para ha aton iton free ha unable adto. Pag categorized ha
47 barangay PWD ito, takay able hiya, so bangen la kami hini mag libog kun tanan nga tawo PWD.
48 Adin bungol PWD.

49
50 MHO Taduyo: Siguro an aton PWDs bubutangan naton hin description, nga severely
51 impaired PWDS, iton PWDs nga severely impaired as classify by the Physician.

52
53 Hon. Misagal: Any motion coming from the Public?

54
55 PB Niemes: May clarification la ako Doc, I'm Punong Baranggay han Cabul-an an akon ba
56 pakiana doc kun natawag ba kami ha rhu, emergency katapos mabaton an mga staff han rhu nga
57 mahulat pa kmi kan doktora.

1 MHO Taduyo: Actually, iton staff dida kun emergency nga waray ako dida, hira dapat it mag
2 dedesiyon speaking of emergency, siguro kun mahihinabo pa it otro kuhaa iton ngaran kun hino
3 iton nabaton, para mabaro hiya kun tipaunan-on it pagbaton hit telepono kun emergency, kay
4 bangen waray hiya makasabot. Thank you.

5
6 PB Niemes: May ada pa ma'am, iton akon mga PWDs ha Barangay Cabul-an, dadamo
7 naman, mayda ako dadamo nga diri na angay, ginaaprobahan niyo ka PWD. Hadto nga tuig amo
8 la ini hira, tas yana dadamo naman.

9
10 Hon. Misagal: May ada kasi ito record an barangay diba, nagmomonitor ito hira labina an
11 mga RBI ginkikita ito nira, adi ito kan Doktora ngan Ma'am Dolor, kay pag release hin ID an
12 Ma'am Dolor ngan pag recommend kan Doktora ito.

13
14 MHO Taduyo: Actually kap, mayda na singadto nga napa perma hiton ira PWD nga papel,
15 pero waray dida iton cliente, diri hira nakakaaro hin perma, ginpapa-determine ko ito hira ngadto
16 hiton midwife, it midwife mkadto hiton balay han PWD, or kun kinahanglan mag videocall
17 nagvideocall, labi na iton pasyente nga diri nakakalakat, diri pwede nga storya la.

18
19 Hon. Misagal: Sige, when it comes to PWD, severely impaired meaning amputated, nagwe-
20 wheelchair, bedridden. Kay yana bisan mautdan ka hin tamuyingking, PWD kana, bisan iton
21 bungol-bungol la, disability manggod yan, but gindugngan ni doktora hin phrase nga severely
22 impaied, meaning grabe na sya. Any motion coming from the Public nga free of charge ang non-
23 emergency transport han aton Senior Citizens, Severly impaired PWDs, and how about the 4Ps,
24 libre hira hiton transport. Kay waray kasi ito nga provisions didi.

25
26 MPDC Procia: I suggest nga isulod ta na ha AICS, kay kun hira nga tanan nga 4Ps,
27 makikita naton nga may ada mga 4Ps nga may kapas, let's take it from the wisdom of our MSWDO
28 to determine nga talaga indigent hiya nga tuod, diri indigent la ha papel. I think let's take from the
29 wisdom of the MSWDO to determine kun talaga in na belong hiya ha indigent. kun ig raratsadas ta
30 tanan nga 4Ps, pera ka percentage han population hin capoocan belonging to 4Ps. So, Mr. Chair,
31 didi han provision, I suggest nga magkamay ada hin amended phrase dida it section han propose
32 ordinance nga masiring nga " but in no case nga magduduha or more than 1 iton aton igaalutaga
33 nga service vehicle, to cater for those non-resident, kay madedeprive kita nga pananglitan kun
34 oras nga makamay ada problema, ig pa-prioritize ta an taga capoocan. I suggest there will be one
35 phrase to be added on the provisions nga masiring nga "but in no case, nga magsosobra hin usa
36 nga emergency response vehicle to cater the need of the non- residents.

37
38 Hon. Misagal: so duha na, ngadi anay kita han free, senior and PWDs an 4ps aree
39 subjected to ha AICS Program, any motion coming from the Public?

40
41 Hon. Vallar: Since, there is a provision nga naghihimo pala kita hini nga Ordinance, an pag
42 libre han mga 4Ps, PWDs, kasi an aton hini is to regulate han aton expenses, kun malilibre ta
43 tanan, kay damo iton duro nga malilibre, waray ito problema kun lilibrehon ta, but we have to study
44 it further, kay siring paman waray pa mahuman han aton deliberations why not stick to la anay han
45 aton ginhimo nga proposal and then ig come up ito nga study, and deliberate kita utro kay para ma
46 implement ta nala, kun okay la. But, then okay la adto nga suggestion kay although ___ base han
47 aton bayad, pero an paglibre, kitaon ta anay kun diri ma de-deplete an aton purpose nga pag
48 regulate han aton expenses, amo la iton akon gusto, kay yana we have this ordinance, we have
49 submitting this one, imposing this one and then there's a suggestion nga sugad hini, an then, when
50 we are not ready, kay ano, waray pa hiya kaupod han aton deliberations during our meeting of this
51 ordinance, amo la iton akon suggestion, why not igforgo ta anay ini, stick to this ordinance, and
52 then, after deliberated han ira mga suggestion hini, then come up with the amendments of this
53 ordinance.

54
55 Hon. Misagal: Noted kons. Actually this is the first, kun mapapansin niyo first ini hiya ngan
56 kun mag came up man an proponents hini together with the resource person, base talaga ito han
57 actual patients transported, actual litters ngan amount, diri la litters, kay an litters kasigang office
58 naton constant but an presyo diri kay na fluctuate kay danay na 70 an gasolina, 60anay TRUE copy
59 60, mag 50, amo ito nga nag came up kita hini nga proposal, so being the first of its kind of

1 ordinance, coming up with the standard of usage hini nga mga transport vehicles, I buy with the
2 suggestion ni kons Vallar, under further kuan pa gihapon ini, kay an aton ginbasihan hini nga
3 studies an mayvbe 2-3 years BAC, para kita mag come up hini nga ordinance. Ini liwat yana
4 studyhan naton kun ito ba nga aton suggestion nga 1000 and 700 kun okay ito hiya, kay kun in the
5 event nga diri talaga hiya pwede, pwede man mag utro liwat kita pag Public Hearing pareho han
6 natabo han fishery ordinance, with that ano, sunod nala but we will take it to consideration for the
7 next delivberations or mag amend hini, but an suggestion ni Sir Bebot about the provision *nga no*
8 *more than 1 ambulance shall be utilize for the non-resident hiton Municipality han Capoocan*, baga
9 okay gihapon hiya, kay tama kun baga nagpakalakat na ngayan ini nga mga sarakayan makuri na
10 ini bumalik to cater hn emergency nga incident, so ano man ini kons Bong?

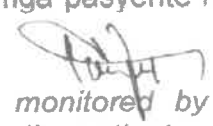

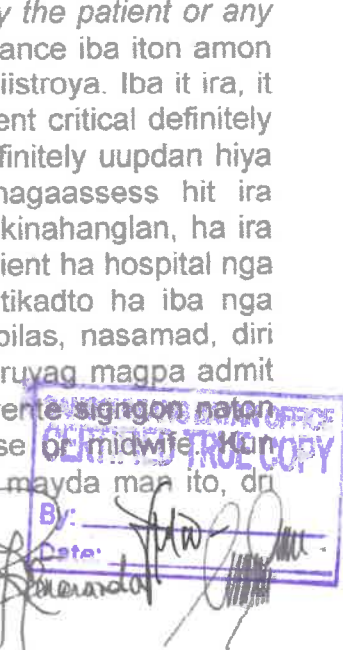

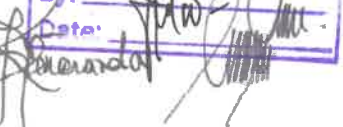

11
12 Hon. Vallar: I just want to reiterate the 1,000 and 700 pesos that's already approved. What
13 we are trying to amend is the provision that lilibrehon ta an senior, pwd an 4Ps. And that would
14 come for another further study, that will be deliberate to the cover department heads and incharge,
15 ana ton mga resource speakers, an may mga siring paman an may mga knowledge gud with
16 regards han pagkuan hit aton mga pasyente. Amo iton suggestion nakon para liwat kita
17 makaunhan.

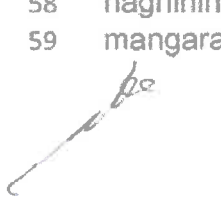

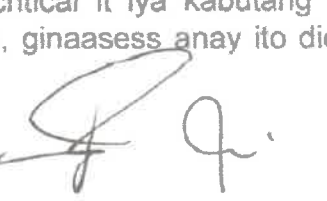

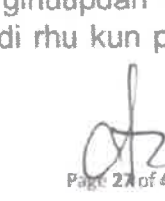

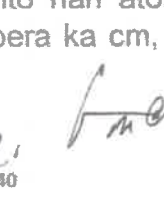

18
19 Hon. Misagal: Next, adi nga all vehicles, shall be amenable for all either from non-
20 capoocanon or capoocanons who are in need of emergency or non-emergency transport given
21 utmost priority to the former. Ano adton imo question hini kap nga all vehicles?

22
23 PB Capaycapay: ig remove ta la an emergency from non-resident han capoocanon, anyway
24 we can coordinate naman from rhu to rhu, pwede naman ma-contact nga if ever nga sugad hito
25 nga case, nga may ada patient nga its been transported back to their municipality, pwede naman
26 maki pag coordinate. Amo man iton nananabo ha rhu. Kasi kun pati an non-emergency ig cater
27 naton peperahay la iton aton ambulance, para ngadto kun diin man ito nga lugar hiya dada-a so,
28 it's a waste han aton time, and then diri na hiya magagamit, diri makakaserve han aton purpose.

29
30 Hon. Misagal: Bangen igtatampo naton an imo wisdom ngan wisdom ni sir Bebot, kay kun
31 tatanggalon ta liwat ito ngadi, kun babasahon mo again *"All Vehicles shall be available for all,*
32 *either Capoocanon or Non-Capoocanon who are in need of emergency and non-emergency*
33 *transport given utmost priority to the former."* Dudugngan ta nala hank an Sir Bebot, para mag jive.
34 Noted. Next letter C *"Bringing patients from the health facility to home is totally prohibited, unless,*
35 *the attending physician required the use for the said purpose."* Kap en-en nasiring ka kanina nga
36 case to case basis, yes definitely case to case basis kay amo ngani may ada unless, but then,
37 mahitungod han wisdom ni doktora kay hiya manggod iton maaram hiton technical nga mga
38 provisions or mga wordings ngadi, unless kuno nala the physician, waray na attending. Kaklaruhon
39 ko ini hiya nga letter, even before the kuan ni Kap En-en, iton daan na hiya case to case basis
40 talaga. So, letter G naman, *"Upon transport, all patient/s are monitored by the accompanying*
41 *responder/s using Patient Care Report. PCR shall be signed by the patient or any representative."*
42 Doc and Sir Rogel, an pakiana ngadi ni kap En-en kun may ada ba upod inin mga pasyente hiton
43 letter G.

44
45 MHO Tadyo: Ha aton letter G, *"Upon transport, all patient/s are monitored by the*
46 *accompanying responder/s using Patient Care Report. PCR shall be signed by the patient or any*
47 *representative."* Ini na apply ini ngada ha MDRR, pag abot ngadi hadin ambulance iba iton amon
48 protocol hito kay we called up the Hospital of the receiving facility, kami it ngaiistroya. Iba it ira, it
49 may papel, it amon may drtso nga storya hit amon doctor. Sugad hito an patient critical definitely
50 may upod ito, sugad hiton patient mangaranak tapos harani na manganak definitely uupdan hiya
51 hit Midwife. An nagiging problema kasi an pasyente danay mismo it nagaassess hit ira
52 kalugaringon which is ada kami nagkakaproblema. Ha amon assessment diri kinahanglan, ha ira
53 assessment kinahanglan. Pag abot naman ngadi han Hospital may ada kita patient ha hospital nga
54 for transport ngadto ha iba nga hospital kanan hospital ito nurse naupod tikadto ha iba nga
55 hospital. Kun an aton pasyente diri hiya emergency case, signgon naton napilas, nasamad, diri
56 kinahanglan hin CPR, diri kinahanglan updan, na dressing na an pasyente karuyag magpa admit
57 ngadto, dri na hiya kailangan updan hin medical staff. Pero kun an aton pasyente signgon naton
58 naghihinga hinga, critical it iya kabutang ginuupdan ito han aton mga nurse or midwife. Kun
59 mangaranak naman, ginaassess anay ito didi rhu kun pera ka cm, kay an iba mayda maa ito, dri

By: 
Date: 

1 man pagsiring nga masakit na an iya tyan magaanak hiya dayon, mayda pa kita ito hiya 9 hours
2 bago hiya managanak, tikang kuan ito hit tiyan, kun ig IA naton 1 cm la it mangaranak, diri liwat ito
3 hira kinahanglan bunyogan ngadto ha hospital. Iton ginbubunyagan naton iton sinisiring nga
4 element, harani na manganak 9 cm na, 10 cm na. Anytime along the way pwede gumawas an
5 baby, so bulig ito hira hit gin uupdan. Pagabot naman hiton mga pasyente nga aadi na hospital
6 dida ha CDH or Balais, tikadto hira tacloban kay gintra –transfer hira ngadto it naupod hito it nurse
7 tikang dida hiton hospital nga ira gintikangan, diri tikang didi hiton aton sentro. An hospital ira ito
8 obligasyon pag transport hit ira pasyente ngadto ha iba nga Hospital, diri ito na backlog tikang ha
9 Hospital nabalik ngadi nga Rhu, actually an nahihinabo ito ha hospital kasi may tarifa iton ira
10 ambulance, muromahal kontra hiton aton tarifa, an nahihinabo iton aton pasyente nga aadto
11 nasiring nga diri available iton ambulance, kay mahal an tarifa, so nabalik nganhi ha aton, libre an
12 ambulance. Very rare ito nga nahinabo nga for transport an pasyente dida CDH, masiring hira nga
13 waray hira available nga ambulance. Pagsiring han pasyente nga igtransport hira ngadto, masiring
14 iton residente han pasyente kunigtatransfer kamo namon ngadto Tacloban, mabayad kamo han
15 amon ambulance 1,500-2,000, mabaribad an pasyente. Mabalik ngadi ha aton. Pero may
16 ambulance, kay ha carigara may ambulance an hospital, may ambulance an municipyo, may
17 ambulance an MDRR, ngatanan ito hira didto na function pag dara hiton pasyente kun kinahanglan
18 tikang ha CDH, he kita la an napatlo. It iba nga munisipyo diri hira sugad, dinhi la ha aton nga
19 nabalik nganhi ha aton kay an aton ambulance an magdadara tikadto, diri kanan hospital.

20
21 Hon. Misagal: Kay it iba kasi may mga kapitan nga natawag, kap mapa kuan kay mapa
22 transport, usa gihapon ito nga reason ano.

23
24 **SECTION 6. TRAININGS.** *The Municipal Disaster Risk Reduction and Management Office*
25 *(MDRRMO) shall organize, facilitate, and/or conduct training/s for Ambulance or Emergency*
26 *Transport Vehicle Management.*

27

29 *MDRRMO at least Php 800,000.00 annually for fuel consumption and Php 1,000,000.00 annually*
30 *for repairs and maintenance of emergency vehicles chargeable to annual/supplemental budget.*

31
32 Hon. Misagal: By the way ngayan ano, we need to take in to consideration nga MDRRMO it
33 ira ito funds masilan, dapat talaga pan Disaster Risk Reduction, although yes emergency, but then
34 may ada manggud non-emergency cases. Diri ito nira makukuha ha ira Disaster Fund.

35
36 MHO Tadyo: In Section 7. allocation, we are talking about MDRR, an MHO, an ambulance
37 hain man? Tapos pag abot ngadi ha 1M nga for repair and maintenance, diri gihapon ini kay kanan
38 MDRR ini nga repair kay an repair and maintenance han amon ada ha motorpool. Kay ha
39 motorpool kamo nabayad han amon.

40
41 **SECTION 8. TRAVELLING EXPENSE AND ALLOWANCE.** *All Transport Personnel including*
42 *drivers and responders regardless of employment status shall be entitled for travelling expenses*
43 *and allowances chargeable against their respective offices.*

44
45 Hon. Misagal: Kanina gin explain na po ini ni Ma'am Ria, nga although nagbabayad an
46 patient ha Municipal Treasurer's Office, gindedeposit ini hiya ha General Fund tapos may ada ito
47 nira ngadto record, nagli-liquidate hira kay labi na nga ordinance.

48
49 PB Capaycapay: Ma utilize na hiton aton fund nga gin allocate, for example MDRR or Rhu,
50 once nga trust fund at least makukuan hiya nga para gud ito dida.

51
52 MTO Niegas: All collections han fees and charges naton base han aton ordinance ada
53 diritso han aton General Fund. Ha Trust Fund ma fall dida an mga financial assistance, mga fund
54 transfer nga tikang ha National Government like, ha DSWD ito nga social pension, ito nga kanan
55 Kalahi, ito nga DOLe, DTi aysa iton ma fall ha trust fund naton may MOA ito hiya. An aton general
56 collections base han aton ordinances, an aton revenue code an aton iba ha nga mga fees and
57 charges han local ordinance, ada poi to ma fall ha general fund naton as general collection.

20 undergo.

21
22 Hon. Misagal: Noted Doc. So bali ngadi ha **Section 6** an ambulance driver shall unergo
23 trainings coming from the DOH. Kay siring paman suha manggud ini hiya nga agency, an MDRR
24 ngan an MHO, kay baga magpareho an ira function. For the emergency transport vehicle
