10. Under the MOA, the Federation of Rural Electric Cooperatives in Region 8 Association, Inc. (FRECOR 8) was tasked to supervise and facilitate the transaction process, documentary requirements, and operational coordination among the member ECs of the R8 JCPSP.
11. A Joint Board of Directors (JBOD) was also created composed of General Managers and Board Presidents of the member ECs, which acts as the governing and policy-making body of the R8 JCPSP.
12. The JBOD passed Board Resolution No. 2023-11-002, Series of 2023 constituting the R8 Joint Bids and Awards Committee (JBAC) for the R8 JCPSP. A Joint Technical Working Group (JTWG) and a Joint Secretariat was also created. <sup>3</sup> Implementing Guidelines for the Procurement, Execution, and Evaluation of Power Supply Agreements Entered Into By Distribution Utilities for the Supply of Electricity to their Captive Market ("2023 CSP Guidelines").

20. On 22 May 2024, the JBAC conducted the Pre-Bid Conference 2 to provide another opportunity for the bidders to seek clarification on the Bidding Documents and revisions made therein. CSP Observers were invited again.
21. On 08 June 2024, the JBAC issued the Final Instructions to Bidders, Final Terms of Reference, Supplemental Bid Bulletin Nos. 06 and 07 and other documents as requested by bidders in preparation for the submission and opening of bids. Invitations to CSP Observers were sent to attend the submission and opening of bids on 25 to 26 June 2024.
22. On 25 June 2024, bidders submitted their respective bids for Lot 1 and Lot 2. The bids were opened on 25 June 2024 for Lot 1, and on 26 June 2024 for Lot 2 in the presence of JBAC, participating bidders, CSP Observers and an Independent Auditor.
23. On 1 to 3 July 2024, the JBAC conducted a post-qualification evaluation of the lowest calculated bids for Lot 1 and Lot 2.
24. On 3 July 2024, the JBAC issued Resolution No. 02, Series of 2024, recommending to the JBOD to award the power supply agreements to the following bidders for Lot 1 for the period of supply of 2024-2033:

<b>Bidder</b>	<b>Capacity (Lot 1)</b>
Therma Luzon Inc.	81 MW
Sual Power, Inc.	50 MW
KEPCO SPC Power Corp	31 MW

25. Further, the JBAC issued Resolution No. 03, Series of 2024, recommending to the JBOD to award the capacity of 28 MW for Lot 2 for the period of supply of 2027-2033 to TLI as the bidder having the lowest calculated responsive bid.
26. Consequently, on 3 July 2024, JBOD approved JBAC's Recommendation to award the Power Supply Agreements to the bidders with the lowest calculated responsive bids for Lot 1 and Lot 2 through JBOD Resolution No. 2024-07-001 and 2024-007-002, respectively.
27. After its receipt of NEA's Notice to Issue Award dated 13 August 2024 last 14 August 2024, on 19 August 2024, the JBAC issued a Notice of Award to KSPC for the 31 MW baseload demand under Lot 1 of the R8 JCPSP, which was acknowledged by KSPC on 20 August 2024.

28. On 29 August 2024, FRECOR 8 timely submitted to NEA the finalized draft PSA together with the Board Resolution and the justifications to the changes made in the PSA, for the issuance of the Notice to Execute Agreement. However, it was only on 13 September 2024 when FRECOR 8 received NEA's Notice to Execute Agreement dated 12 September 2024.
29. Thus, on 13 September 2024, LEYECO IV and KSPC executed the Power Supply Agreement (PSA), commencing on the later of the two dates: (i) September 26, 2024 or (ii) immediately after the issuance by the ERC of a Provisional Authority, or Interim Relief, or Final Authority, until 25 December 2033 with a contract capacity of 3 MW.
30. Hence, this instant *Joint Application* for the approval of the PSA between LEYECO IV and KSPC.

#### **SALIENT FEATURES OF THE PSA**

31. The PSA between LEYECO IV and KSPC contains the following salient features:
  - a. **Contract Term.** This Agreement shall take effect immediately from Effective Date, and from such date, shall remain in force and effect until December 25, 2033, unless sooner terminated in accordance with this Agreement and upon approval by the ERC.
  - b. **Delivery Date.** KSPC shall commence delivery of Contract Capacity to LEYECO IV on September 15, 2024 or the date of the receipt of the Seller of the ERC Provisional Authority, as may be applicable, provided, the Buyer has given its day-ahead nomination, duly received by the Seller.
  - c. **Contract Capacity.** It shall mean a capacity of 3 MW reserved by KSPC for LEYECO IV for the duration of the contract period. For the avoidance of doubt, this refers to the estimated capacity of electricity to be made available for Delivery to each LEYECO IV Facility.

The Buyer shall be allowed to nominate at least 50% of the Contract Capacity per interval divided by twelve (12) on all 5-minute Trading Intervals, but at the end of the relevant billing period, the Buyer shall be obligated to pay for the product at

65% monthly minimum CUF or actual energy nominated, whichever is higher, and the Total Generation Charge. The Buyer will be billed based on Minimum Monthly CUF if, at the end of the billing period and after reconciliation, the nomination falls below the Minimum Monthly CUF for reasons other than FM. The maximum contract energy shall be proportionately adjusted to account for the undelivered energy (kWh) due to Force Majeure.

- d. **Capacity Utilization Factor.** The ratio of the amount of energy taken by LEYECO IV from KSPC during any Billing Period to the actual capacity made available by KSPC.

LEYECO IV shall purchase the Contracted Capacity and pay for the Contracted Capacity from sixty-five (65%) to one hundred percent (100%) Capacity Utilization Factor (CUF), computed per Billing Period, in accordance with Schedule 3<sup>4</sup> below.

- e. **Outages.** KSPC shall guarantee continuous supply without Scheduled and Unscheduled Outages throughout the term of this Agreement.
- f. **Replacement Power.** KSPC shall guarantee the availability of the Contract Capacity/Energy during the term of this PSA, except when caused by a Force Majeure event allowed hereof. Notwithstanding the Outage, whether Scheduled Outage or Unscheduled Outage, of the Cebu Power Plant utilized by KSPC in order to supply the Contract Capacity/Energy per Schedule 2, KSPC shall be responsible in securing and ensuring that the Contract Capacity and/or Contract Energy is delivered to LEYECO IV at contract price or actual price, whichever is lower. KSPC's supply of Replacement Power shall only be to the extent of the Contracted Capacity.
- g. **Electricity Fees.** Refers to the total amount of charges due from LEYECO IV in respect of the Contract Capacity and all Energy supplied by KSPC during a Billing Period, computed in accordance with Schedule 5<sup>5</sup>.

- h. **Proposed Base Rate/Price** and its breakdown exclusive of Value Added Tax (VAT) and other pertinent taxes:

COMPONENTS	PHP/KWH
CRF	0.9895
FOM	1.0305
VOM	0.0914
FUEL	3.1686
TOTAL	5.2800

32. LEYECO IV simulated a rate impact analysis based on assumed quantities. The indicative rate impact on its overall generation rate with and without supply from KSPC under the PSA are as follows:

LEYECO IV's Generation Rate (Php/kWh)		
With KSPC PSA	Without KSPC PSA	Rate Impact
6.3320	6.6899	(0.3579)

33. As shown in the rate impact analysis, the implementation of the PSA between LEYECO IV and KSPC will benefit the electric cooperative and its consumers with an estimated generation rate reduction of **Php 0.3579/kWh**. Thus, the PSA subject of this *Joint Application* will ultimately provide LEYECO IV's end-users with a continuous and reliable supply of electricity at affordable rates. A copy of the Rate Impact Simulation 2024 is hereto attached as *Annex "GG"*.
34. Environmental Compliance Certificate (ECC). On 10 September 2007, the Department of Environment and Natural Resources (DENR) issued ECC Transfer of Ownership in favor of KSPC with ECC No. 0511- 013- 206. A copy of the ECC is hereto attached as *Annex "R"*.
35. Certificate of Compliance. The Honorable Commission has issued the Certificate of Compliance ("COC") with COC no. 24-03-M-00068V dated 26 March 2024, for KSPC's power plants. A copy of the COC is attached as *Annex "S"*.
36. Certificate of Endorsement. The DOE has issued a Certificate of Endorsement with No. 2022- 04-160 dated 19 April 2022 for KSPC's

plant in barangay Colon, Naga City, Cebu, certifying that the Plant is consistent with the Power Development Plan of the Government. A copy of the Amended Certificate of Endorsement is hereto attached as **Annex "T"**.

37. As further support to the instant Joint Application, the Applicants most respectfully submit to the Honorable Commission the following documents in accordance with the Pre-filing Checklist in Resolution No. 38, Series of 2006<sup>6</sup>, Rule 20 B Section 2 of the ERC Rules of Practice and Procedures:

\*Subject to the Motion For Confidential Treatment of Information

**ALLEGATIONS IN SUPPORT OF THE MOTION FOR  
CONFIDENTIAL TREATMENT OF INFORMATION**

38. Section 1, Rule 4, of the ERC Revised Rules of Practice and Procedure provides that a party to a proceeding before the Honorable Commission may move for information to be treated as confidential.
39. KSPC prays that the information contained in the documents attached as *Annexes "V", "W", "X", "Z", "AA", "CC", "DD" and "EE"* be treated as confidential and that the same be continuously protected from public disclosure, except to the officers and staff of the Honorable Commission. In particular, these are the documents for which confidential treatment is sought as they contain trade secrets and/or commercially-sensitive data about KSPC's plant operations and pricing strategies:

<b>ANNEX</b>	<b>DOCUMENT</b>
<b>V</b>	Narrative on Sources of Funds, Generation Rates, Cash Flow Executive Summary of the LEYECO IV and KSPC PSA

<b>W</b>	Derivation of Rates (Excel File)
<b>X</b>	KSPC Financial Model
<b>Z</b>	Relevant technical and economic characteristics of generation capacity
<b>AA</b>	KSPC's 2022 Audited Financial Statements (AFS), Balance Sheet, Income Statement, and Statement of cash Flows
<b>CC</b>	KSPC Cert. of Net Heat Rate
<b>DD</b>	Coal Supply Contract
<b>EE</b>	Sworn Statement on Fuel Procurement

40. Furthermore, KSPC prays that the detailed discussion on rate and its pertinent information thereto are specifically stated in Annex V - Narrative on Sources of Funds, Generation Rates, Cash Flow, which are subject to the Motion for Confidential Treatment of Information.
41. Co-applicant KSPC posits that the foregoing annexes contain financial models, computation/calculation for rate determination and cost components. Hence, KSPC has actual and valuable proprietary interest to protect such information and data, which fall within the bounds of "trade secrets" that are entitled to protection under the Constitution, statutes, and rules and regulations of this Honorable Commission.
42. The foregoing annexes contain non-public, proprietary information and data involving Applicants' investments, business operations, and financial calculations. Applicants determine, among others, their competitive rates through its power rate calculations, and its financial model through this information. Thus, the methodology thereof is privileged and confidential in nature.
43. This information and data are not generally available to the public. Hence, KSPC will be at undue disadvantage and its competitiveness will seriously be prejudiced if this information is unduly disclosed.

**ALLEGATIONS IN SUPPORT OF THE MOTION FOR  
PROVISIONAL AUTHORITY**

44. LEYECO IV and KSPC replead, by reference, all the foregoing allegations.

1. LEYECO IV and KSPC pray for the issuance of a provisional authority and/or Interim Relief prior to final decision pursuant to *Section 1, Rule 14* of the *ERC Revised Rules of Practice and Procedure*, which provides:

Section 1. Provisional Authority or Interim Relief. – For applications or petitions covered by Section 1, Rule 6 of these Rules, the Commission may grant either a provisional authority or an interim relief, upon motion included in the application or petition and indicated in the caption thereof that such relief is requested x x x.

45. As shown in the LEYECO IV's Supply and Demand Scenario, the peak demand ranges from 16MW to 20 MW and our existing contract capacity is 16 MW which is an Emergency Power Supply Agreement (EPSA) with GNPowder Dinginin Ltd. Co. (GNPD) that already expired on September 14, 2024. If no provisional authority or interim relief is issued, the 20 MW total demand of LEYECO IV will continue to be exposed to the market, having erratic power rates, to the prejudice of the consumers. Thus, the issuance of the provisional authority or interim relief is in the best interest of the electricity consumers, especially the captive customers, as it ensures continuous and reliable electricity service, at a stable rate, which is essential for public welfare, economic stability, and growth.

46. Furthermore, from LEYECO IV's rate impact simulation, it is clear that the implementation of the PSA with KSPC would reduce LEYECO IV's rate by **Php 0.3579/kWh**, as compared to if the same power requirements are purchased from the Wholesale Electricity Spot Market (WESM).

47. As such, the early implementation of the PSA with KSPC would benefit LEYECO IV and its end-users as it will ensure the provision of reliable, secure, and quality supply of electricity in the least cost manner.

48. In view of the foregoing, there is a need for the issuance of a Provisional Authority in the meantime that this Joint Application is still pending evaluation and resolution of Honorable Commission, for the immediate implementation of this PSA for the benefit of LEYECO IV's member consumers.

49. To support the prayer for provisional authority or interim relief, an Affidavit of Merit is hereto attached as *Annex "TT"*

## **PRAYER**

WHEREFORE, the foregoing premises considered, it is respectfully prayed that this Honorable Commission:

1. Give due course to the instant application especially on the proposed base rate or price as explicitly mentioned above.
  
2. Issue an Order:
  - a. Treating the Confidential Documents and the information contained therein as confidential
  - b. Directing their non-disclosure pursuant to Rule 4 of the ERC Rules, and
  - c. Prescribing guidelines for the protection of the said documents.
  
3. Upon initial review of this Application and pending hearing on the merits, issue an Interim Relief Order provisionally approving the PSA between LEYECO IV and KSPC, thereby authorizing KSPC to charge and collect from LEYECO IV electricity fees based on rates that this Honorable Commission may provisionally approve, and authorizing LEYECO IV to pass the full amount thereof to its customers; and.
  
4. After trial on the merits, issue a Decision approving the PSA, thereby confirming the compliance by LEYECO IV and KSPC to the rules governing power supply, and further confirming the effective rate charged, collected, and paid in connection with this PSA.
  
5. To authorize KSPC to charge and collect from LEYECO IV the electricity fees based on the final rates approved by this Honorable Commission, and to authorize LEYECO IV to pass the full amount thereof to its customers.

Other relief and remedies consistent with law, justice, and equity are likewise prayed for.
