**WHEREAS**, the economy of the country depends heavily on the agricultural sector, thus challenges encountered, especially by farmers, have negative effects on the food security in the country;

**WHEREAS**, given its geographic location, the Philippines experienced numerous threats to food security brought about by strings of natural calamities that have rendered farm produce unusable or increased food prices due to food shortage;

**WHEREAS**, the project HAPAG aims to increase barangays' capacity for sustainable agriculture activities by strengthening the barangay community garden, which would encourage homes and communities to grow fresh fruits and vegetables;

**WHEREAS**, in support of the thrust of the current administration and cognizant of the role of barangays as essential partners of the national government in contributing to addressing hunger and ensuring food security in the barangay, the national government, through the Department of the Interior and Local Government (DILG) introduced the Halina't Magtanim ng Prutas at Gulay (HAPAG) sa Barangay Project and thus enjoins the LGUs thru their component barangays to adopt and institutionalize the same in their programs;
