RESOLUTION NO. 2025-064

A RESOLUTION APPEALING TO THE SANGGUNIANG PANLALAWIGAN OF LEYTE HEADED BY THE HONORABLE VICE GOVERNOR LEONARDO "SANDY" JAVIER, JR., TO EXPEDITE THE REVIEW OF MUNICIPAL ORDINANCE NO. 174 S. OF 2025 OF THE MUNICIPALITY OF SAN ISIDRO.

WHEREAS, Municipal Ordinance No. 174 s. of 2025 proposes borrowing for the implementation of local development projects in the Municipality of San Isidro, one of which is to facilitate the construction of access roads to improve transportation, economic activities, and public services within the locality;

WHEREAS, the said ordinance is currently under review by the Sangguniang Panlalawigan of Leyte as part of the regular legislative process;

WHEREAS, per SP Resolution No. 2025-132 the Municipal Ordinance No. 174 s. of 2025 was referred to the committee on Ways and Means as it was "manifested by Honorable Marie Kathryn Veloso Kabigting that there is duplication of project Term Loan 11 to finance the Construction of Access Road along Danao Elementary School in Brgy. Basud in the amount of P10,000,000.00 which is a DPWH funded project under 2025 GAA";

WHEREAS, the Term Loan 11 construction of access road project of the Municipality of San Isidro worth P10,000,000.00 *along* Danao Elementary School, in Barangay Basud covers only 529.9 meters from the total 1.8 kilometers stretch, while the project of DPWH as certified by its OIC Lorenzo P. Fidel, Jr. under 2025 GAA worth P 5,000,000.00 from Sitio Maasin to Sitio Danao,

new

Elementary School, in Barangay Basud which we presume corresponds shorter length, and both project locations are in opposite directions, effectively complementing rather than duplicating each other;

WHEREAS, even if the construction of two access road projects are combined, additional funding would still be necessary to fully complete the road concreting, making it essential to proceed with the ordinance's approval for the benefit of the municipality and its constituents;

WHEREAS, to further clarify and substantiate this request, a letter from the Municipal Engineer, and a location plan (signed by the retired/former municipal engineer) is attached hereto, providing technical explanations and additional justification for the necessity of the project;

NOW, THEREFORE, on motion of the Honorable Carmichael L. Villarino, duly seconded by the Honorable Jerold T. Lumapak and Honorable Dante R. Rodaje, be it;

RESOLVED, as it is hereby resolved, by the Sangguniang Bayan of San Isidro, Leyte to respectfully appeals to the Sangguniang Panlalawigan of Leyte under the leadership of Vice Governor "Sandy" Javier, Jr. , to expedite the review and approval of Municipal Ordinance No. 174 s. of 2025, in order to ensure the timely and efficient implementation of these infrastructure projects;

RESOLVED FURTHER, that copies of this resolution, together with the attached letter and location plan from the Municipal Engineer Elrian D. Bactol, be furnished to the Office of the Vice Governor, the Sangguniang Panlalawigan of Leyte, copy furnished, Hon. Marie Kathryn V. Cabigting, Hon. Wilson Uy, and other concerned agencies/offices for their information and appropriate action.

ADOPTED, this 24th day of **March** 2025.

I HEREBY CERTIFY to the correctness of this foregoing resolution.

MARIA CARINE R. VILLARINO
Secretary to the Sanggunian

Subject: Response to Resolution No. 2025-132 Regarding Project Duplication

Dear Hon. Uy,

Warmest Greetings!

In response to Resolution No. 2025-132 regarding the alleged duplication of the Local Government Unit (LGU) project and the Department of Public Works and Highways (DPWH) project, we would like to clarify that there is no overlap between the two projects.

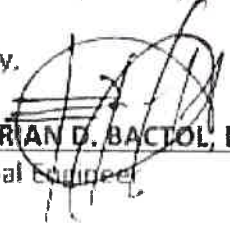

The total road stretch from Sitio Danao to Sitio Maasin is approximately 1.8 kilometers. The LGU project covers only 529.9 meters of this stretch, with a budget of ₱10 million, while the DPWH project has a budget of ₱5 million, which we presume corresponds to a shorter length. Given this budget allocation, it is unlikely that the DPWH project will exceed the extent of the LGU project.

Furthermore, the DPWH project will commence from Sitio Maasin to Sitio Danao, while the LGU project starts from Sitio Danao to Sitio Maasin. This clear separation in direction further supports that both projects are distinct and do not duplicate each other.

We hope this clarification sufficiently addresses the concerns raised in the resolution. Should further details be required, we are open to discussions and documentation review.

Thank you for your attention.

Sincerely,

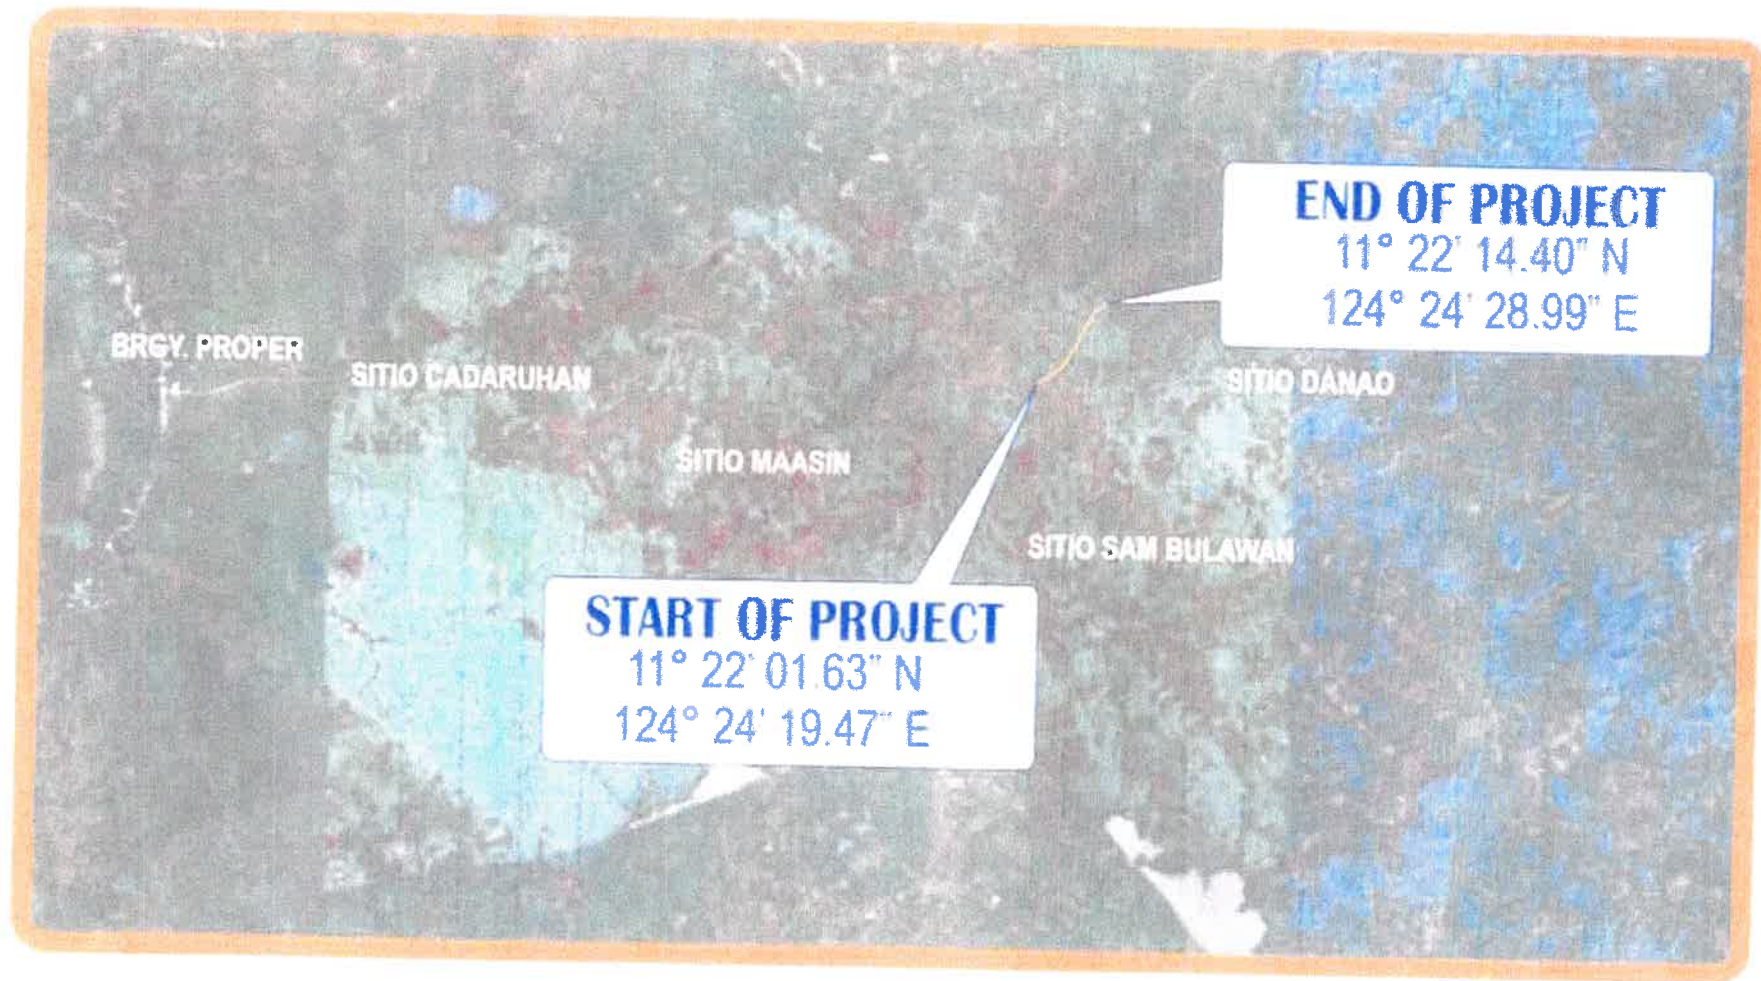

Engr. ELRIAN D. BACTOL, MPRM
Municipal Engineer
