As assessed and recommended by the local social worker, the programs mentioned above shall also be provided to immediate family members of the child victim only when they are not the offending party and that there is no indication of bias in favor of the perpetrator.

SECTION 13. MULTI-DISCIPLINARY CASE MANAGEMENT. In the handling and management of cases of child victims, the approach should be multi-disciplinary, and a Multi-Disciplinary Case Conference (MDCC) shall be conducted.

PABLO B. TAN
SB Member

- a. Multi-Disciplinary Case Management brings together more than two groups of disciplines or professionals from different backgrounds and specializations and areas of expertise to organize and carry out work to address the holistic needs of the child survivor (and his/her family). It is a collaborative process of assessment, planning, implementation and review. (e.g., law enforcers, social workers from the local and from the residential facility, psychologist, teachers and etc.)

BURT MARI M. BREGABDIT
Municipal Vice-Mayor

MANUELENE L. LAURENTE M. TEE
SB Member

- b. Multi-Disciplinary Case Conference (MDCC) is a forum by which professionals with major roles in the handling of online child abuse and exploitation cases can share their professional knowledge, information or concern on the child/ren. The case conference analyzes risks and recommends actions to be taken in relation to the welfare planning of the child/ren and the family. All the information and discussions would be kept confidential.

FERDINAND T. DELA CALZADA

The same shall also serve as an assessment center which shall serve to address the gap in the provision of comprehensive and timely assessments for OSEAC survivor placement as the basis for other partners in the Network of Care to provide case management.

i. The primary role of assessment centers is to provide a safe and temporary home where newly rescued OSEAC survivors can receive specialized services and support for the start of their recovery.

PABLO B. TAN
SB Member

ii. The staff of the center are composed of a team of professionals (social worker, psychologist, counselor, medical doctor, and nurses) and paraprofessionals (house parents, security personnel and administrative support staff) who provide critical care, specialized services and comprehensive assessment to newly rescued OSEAC survivors. These staff members are expected to intentionally care for the children during their whole stay in the assessment center whilst employing trauma-informed care to support survivors in the recovery and development of attachment skills.

MANUELENE
SB Member

iii. Concurrently, a case management team composed of the center social worker, psychologist, nurse and medical doctor, alongside a law enforcement officer and lawyer, are designated to complete an individualized assessment of the child and his/her family.

iv. The critical assessments undertaken at the center include, but are not limited to: psychological assessment; medical assessment; psychosocial assessment, and family
