- c. Memorandum Circular No. 2014-39 entitled "2014 Seal of Good Local Governance: Pagkilala Sa Katapatan at Kahusayan Ng Pamahalaang Lokal"; and

II. PURPOSE:

In coordination with Local Government Unit (LGU), Department of Interior and Local Government Unit (DILG) this plan shall serve as the Action Plan in which all plans and programs of the Calubian Police Station shall conform with and supplement. In connection with the alarming increase of shooting incidents and death of individuals in the area especially in the far plunge barangays which remain unsolved this Local Anti-Criminality Action Plan for Murder, helps to stop, minimize and avoid similar incident if not, at least to decreased its occurrence with the active support of the stake holder.

It shall prescribe the grand strategy to be undertaken by the personnel of this office on addressing crime prevention, control and suppression, in the total fight against all forms of criminality and implementation of other laws.

III. SITUATIONS:

The campaign against Murder and other related crimes is a continuing concern. It is a war that the police cannot win alone. Police cannot change the "root drivers" of the crime such as poverty, unemployment, dysfunctional liberties and other ills of socio-economic opportunities. Thus, all aspects of police work should be premised upon active community consent, trust and participation.

In so doing, developing effective crime prevention, control and suppression strategies has presented the Calubian Police Station with a fundamental dilemma. On one hand, crime will always be committed and, indeed, a continuing mandate. From this perspective, the police are viewed solely as a professional crime buster. Likewise, one of the contributory factors in the proliferation of crime incidents in AOR is due to

depletion of Calubian PNP personnel, lack of seminar of BPATs, Barangay Tanods as front liner in the Barangay level and lack of community awareness and concerns especially on how to prevent similar incident, most important of them all are the communication and condition of road in northern Barangay. Thus, the Calubian Police Station has been compelled to rethink and redesign its entire approach to this main task through clearer prioritization of targets with emphasis on prevention, control and suppression of crime and more resources moved into proactive policing.

The support and cooperation of all sectors concerned is therefore necessary to address these concerns. The increase of shooting incidents which result to Murder cases in our area of responsibility will cause percussions on the peace and order will be increase if not properly addressed.

IV. MISSION:

Calubian Police Station concurrently with its present function and mission and in coordination with Local Government agencies and Non-Governmental Organizations (NGOs) shall implement a responsive and holistic strategy to effectively prevent, control and suppress the occurrence of shooting incident (murder) or other related crimes, to ensure safety in our community.
