EXPLANATORY NOTE

The 1987 Constitution of the Republic of the Philippines declares that the State shall protect and promote the right to health of the people and instill health consciousness among them.

The Republic of the Philippines, under the Framework Convention on Tobacco Control (FCTC) to which it is a party, determined to give priority to the right to protect public health and to promote measures of tobacco control based on current and relevant scientific, technical and economic consideration, and agreed to implement the measures provided in the treaty.

The Local Government Code of 1991 (Republic Act No. 7160) accord every local government unit power and authority to promote the general welfare within its territorial jurisdiction, including the promotion of health and safety of its constituents.

The Philippine Clean Air Act of 1999 (Republic Act No. 8749) declares the right of every citizen to breath clean air, prohibits smoking inside enclosed public places including public vehicles and other means of transport, and directs local government units to implement these provisions.

The Tobacco Regulation Act of 2003 (Republic Act No. 9211) prohibits smoking in certain public places whether enclosed or outdoors; prohibits the purchase and sale of cigarettes and other tobacco products to minors and in certain places frequented by minors, imposes bans and restrictions on advertising, promotion and sponsorship activities of tobacco companies, and direct local government units to implement these provisions.

The Municipality of Jaro, Leyte recognizes that local government must act with urgency to discourage the customs of smoking and tobacco consumption through comprehensive and proven effective tobacco control measures.

The Municipality of Jaro, Leyte recognizes the fundamental and irreconcilable conflict between the tobacco industry's interests and public health policy and realizes the need to be alert to and informed of any efforts by the tobacco industry to undermine tobacco control efforts.

Scientific evidence has unequivocally established that tobacco consumption and exposure to tobacco smoke cause death, disease and disability; lead to devastating health, social, economic and environmental consequences; and places burdens on families, on the poor, and on national and local health systems.

An increasing number of Filipinos die each year of tobacco-related diseases such as stroke, heart disease, and various cancers, among others.

Scientific evidence has shown that there is no safe level of exposure to tobacco smoke; that effective measures to protect from exposure to it requires the total elimination of smoking tobacco; and that approaches other than 100% smoke-free environments, including ventilation, air filtration and the use of designated areas, whether with separate ventilation system or not, have repeatedly been shown to be ineffective.

In view of the foregoing, the passage of this ordinance is earnestly sought.

HONORABLE TEOFILO CABELLO
Chairman Committee on Peace & Order, Public
Safety and Transportation

The Municipality of Jaro, Leyte recognizes that local government must act with urgency to discourage the customs of smoking and tobacco consumption through comprehensive and proven effective tobacco control measures.

The Municipality of Jaro, Leyte recognizes the fundamental and irreconcilable conflict between the tobacco industry's interests and public health policy and realizes the need to be alert to and informed of any efforts by the tobacco industry to undermine tobacco control efforts.

Scientific evidence has unequivocally established that tobacco consumption and exposure to tobacco smoke cause death, disease and disability; lead to devastating health, social, economic and environmental consequences; and places burdens on families, on the poor, and on national and local health systems.

An increasing number of Filipinos die each year of tobacco- related diseases such as stroke, heart disease, and various cancers, among others.

Scientific evidence has shown that there is no safe level of exposure to tobacco smoke; that effective measures to protect from exposure to it requires the total elimination of smoking tobacco; and that approaches other than 100% smoke-free environments, including ventilation, air filtration and the use of designated areas, whether with separate ventilation system or not, have repeatedly been shown to be ineffective.

In view of the foregoing, the passage of this ordinance is earnestly sought.

ITEM NO. 25- APPROVAL ON THIRD-AND-FINAL READING

INTRODUCED BY: HON. VIANCA MAE N. FAMILAR

Chairman Committee on Youth, Sports and Development, and

HON. CARMENCITA C. TAÑALA

Chairman Committee on Finance, Budget and Appropriations

EXPLANATORY NOTE

The timely preparation, review, and approval of the Annual Budgets of the Sangguniang Barangay and the Sangguniang Kabataan are essential to ensuring the effective delivery of basic services, the efficient implementation of programs, projects, and activities, and the overall advancement of local development in the Municipality.

In practice, delays in the submission and approval of Sanggunianag Barangay and Sangguniang Kabataan budgets have resulted in disruptions in governance, delays in the implementation of priority programs, and, in some cases, reliance on reenacted budgets, which limit the responsiveness of local governments to emerging community needs.

This proposed Ordinance seeks to establish a clear, coordinated, and time-bound framework for the preparation, submission, review, and approval of Annual Budgets at the Barangay and Sangguniang Kabataan levels. It aligns local processes with the provisions of Republic Act No. 7160, otherwise known as the Local Government Code of 1991, Republic Act No. 10742 or the Sangguniang Kabataan Reform Act of 2015, and relevant Department of Budget and Management (DBM) and Department of the Interior and Local Government (DILG) issuances.

Specifically, this measure aims to:

- Promote fiscal discipline and accountability at the barangay and youth governance levels;
- Ensure that local budgets are aligned with approved development plans and priorities of the Municipality;
- Strengthen coordination among barangays, the Sangguniang Kabataan, and municipal offices in the budget review process;
- Facilitate timely implementation of programs and projects for the benefit of the community, particularly the youth sector; and
- Minimize the occurrence of reenacted budgets by prescribing reasonable timelines and procedures.

Ultimately, this Ordinance is envisioned to institutionalize a more efficient, transparent, and development-oriented local budgeting system that will contribute to responsive governance and sustainable growth in the Municipality of Jaro, Leyte.

In view of the foregoing, the passage of this Ordinance is earnestly sought.
