Agenda: PROPOSED MUNICIPAL ORDINANCE NO. 32 AN ORDINANCE PROHIBITING THE USE OF CELLULAR PHONES AND OTHER PERSONAL ELECTRONIC DEVICES BY STUDENTS DURING CLASS HOURS IN ALL PUBLIC AND PRIVATE ELEMENTARY AND SECONDARY SCHOOLS WITHIN THE MUNICIPALITY OF VILLABA, LEYTE, AND PROVIDING PENALTIES FOR VIOLATIONS

Discussion:

The meeting, spearheaded by Committee Chairman Hon. Dennis L. Sy, was called to discuss proposed Ordinance Prohibiting The Use Of Cellular Phones And Other Personal Electronic Devices By Students During Class Hours In All Public And Private Elementary And Secondary Schools Within The Municipality Of Villaba, Leyte, And Providing Penalties For Violations. The body noted the prefatory policy that while technology is a valuable educational tool when authorized, unregulated device usage during class hours causes significant distractions, reduces student participation, negatively affects academic performance, and contributes to issues such as cyberbullying, cheating, and unauthorized recordings. The ordinance establishes a "Cellphone-Free Classroom" policy covering all public and private elementary and secondary students, outlining specific prohibitions, exceptions for educational or emergency use, and a graduated non-monetary penalty structure prioritizing guidance, counseling, and parent conferences.

During the open discussion, A key question was raised by Ronald V. Loon regarding what gap this municipal ordinance aims to fill, given that DepEd already permits schools to formulate their own device policies. The body clarified that while existing DepEd memorandums allow individual policies, this municipal ordinance provides local legal backing and strengthens enforcement mechanisms that internal school guidelines alone cannot fully address. Further procedural points were clarified regarding enforcement duties: teachers are explicitly designated as the authority responsible for confiscating devices during violations.

Also Sr. Ma. Connie Roble shared existing practices within their school, noting that their student handbook already outlines first, second, and third offense procedures. She raised a question regarding repeated, chronic violations beyond the third offense. Under their current institutional setup, when a student repeatedly abuses device privileges, the school calls a meeting between the teacher-adviser, the guidelines facilitator, and the parents, where they agree to regulate the infraction by confiscating the device for a month rather than imposing monetary fines.

A suggestion by Rosalina Devota, to bridge the gap between municipal policies and individual institutional rules, a key suggestion was brought forward to formalize an agreement between the Local Government Unit (LGU) and local schools. It was emphasized that schools should revise their student handbooks to explicitly incorporate these guidelines in writing. The body discussed that while individual schools can outline specific student penalties, relying solely on uncoordinated school-level enforcement can create confusion regarding penalties. Furthermore, participants raised concerns about how to handle other educational institutions that may fail to comply with or enforce the policies, underscoring the need for a unified, legally supported framework between the LGU, school administrators, and the Municipal Schools Division Office to ensure consistent implementation across all schools in Villaba.

To eliminate ambiguity during implementation, the body suggested defining explicit class hours within the ordinance framework. Specific operating hours were proposed as 7:00 AM to 4:30 PM, with the prohibition on device use officially commencing at 7:00 AM generally, and at 8:00 AM for elementary schools or it depends on when classes starts. Students are not prohibit to use a cellular phone for emergencies.

And a suggestion for the penalties , any student found violating this Ordinance shall be subject to the following penalties:

- First Offense: A verbal warning shall be issued to the student, and their parents or legal guardians shall be formally notified by the school administration.
- Second Offense: Immediate confiscation of the cellular phone or electronic device for a week and a fine of One Thousand Pesos (₱1,000.00)
- Third and Subsequent Offenses: A administrative fine of Two Thousand Pesos (₱2,000.00), alongside the confiscation of the device, which shall be held for a period of one (1) month prior to its return.

Alternatively, community service may be considered. However, as this penalty is no longer permitted for students, it could be applied to parents instead.

All proceeds collected from the fines under this Section shall be divided and allocated equally as follows:

- Fifty percent (50%) shall be remitted to the respective school where the violation occurred.
- Fifty percent (50%) shall be remitted to the Local Government Unit (LGU).

Furthermore, Mr. Lolito Devota pointed out that if monetary penalties are imposed, it will ultimately be the parents who pay the fines. Meanwhile, Mr. Ronald V. Loon suggested providing a cabinet for the safekeeping of confiscated cellphones.

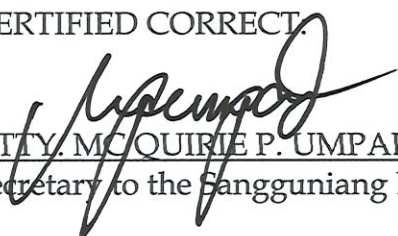

The body agreed that the ordinance shall take full effect upon formal approval and compliance with legal publication and posting requirements.

With no further adjustments raised, the body agreed that there will be another public hearing before the proposed ordinance shall be formally endorsed to the Sangguniang Bayan for further deliberation and final approval.

Adjournment:

There being no other matters discussed, the meeting was adjourned at 2:30 P.M.

COMMITTEE REPORT. II

COMMITTEE ON EDUCATION

Subject: PROPOSED MUNICIPAL ORDINANCE NO. 32 AN ORDINANCE PROHIBITING THE USE OF CELLULAR PHONES AND OTHER PERSONAL ELECTRONIC DEVICES BY STUDENTS DURING CLASS HOURS IN ALL PUBLIC AND PRIVATE ELEMENTARY AND SECONDARY SCHOOLS WITHIN THE MUNICIPALITY OF VILLABA, LEYTE, AND PROVIDING PENALTIES FOR VIOLATIONS

FINDINGS:

After due deliberation, the committee made this following findings:

1. It is the declared policy of the Municipality of Villaba to promote a safe, focused, and conducive learning environment by regulating the use of cellular phones and other personal electronic devices during class hours while recognizing their appropriate educational use when authorized by school personnel.
2. The committee acknowledges that while technology serves as a valuable educational tool, its unregulated use during classroom instruction causes significant distractions, reduces student participation, negatively affects academic performance, and increases incidents of cyberbullying, cheating, and unauthorized recording within school premises.
3. To address questions regarding regulatory overlap with existing Department of Education (DepEd) policies, the body established that while DepEd permits individual schools to formulate internal device policies, this municipal ordinance provides vital local legal backing and strengthens enforcement mechanisms that internal school guidelines alone cannot fully address.
4. The committee clarified operational enforcement procedures, explicitly designating classroom teachers as the authority responsible for confiscating devices during violations, and advising covered schools to designate appropriate safekeeping procedures, such as one secure cabinet per school for confiscated cellphones.
6. To eliminate ambiguity during implementation, explicit class hours were established from 7:00 AM to 4:30 PM, with device prohibitions officially commencing at 7:00 AM generally, and at 8:00 AM for elementary schools.
7. The disciplinary and penalty framework was reviewed to ensure alignment with DepEd policies prioritizing guidance, counseling, and parent conferences, without depriving any student of the right to education or imposing monetary fines. Chronic violations beyond the third

offense will involve formal administrative conferences between the teacher-adviser, guidelines facilitator, and parents to agree on measures such as temporary device retention.

8. The committee notes that the ordinance shall take full effect upon its formal approval and compliance with publication and posting requirements prescribed by law.

RECOMMENDATIONS:

In view of the foregoing findings, the Committee respectfully recommends the approval of the ordinance subject to the following provisions:

1. Formally adopt Proposed Municipal Ordinance No. 32, Series of 2026, establishing the "Cellphone-Free Classroom" policy across all public and private elementary and secondary schools within the Municipality of Villaba, Leyte.
2. Formalize a unified agreement between the Local Government Unit (LGU) and local school heads, directing all covered schools to revise their respective Student Handbooks to explicitly incorporate these municipal guidelines and penalty structures in writing.
3. Require schools to establish clear safekeeping procedures for confiscated devices and adhere strictly to defined prohibition timelines (7:00 AM general / 8:00 AM elementary).
4. Task the Municipal Schools Division Office, in coordination with school heads, Parent-Teacher Associations (PTAs), the Municipal Social Welfare and Development Office (MSWDO), and the LGU, to assist in promoting compliance and addressing non-compliant institutions.
5. Ensure strict adherence to standard local government posting and publication mandates to facilitate the immediate effectivity of this measure.
6. There will be another public hearing to discuss the changes of the ordinance.
