   AUTHOR: HON. QUINTIN T. OCTA, JR., DMD

2. **A PROPOSED ORDINANCE ESTABLISHING THE TOURISM CODE OF TANAUAN, LEYTE, PROMOTING SUSTAINABLE TOURISM DEVELOPMENT, PRESERVATION OF NATURAL, CULTURAL, HISTORICAL AND ARTISTIC HERITAGE, PROVIDING GUIDELINES AND APPROPRIATING FUNDS THEREFORE AND FOR OTHER PURPOSES.**

   AUTHOR: HON. MAE JANE ANGELIE M. MORABE-BORAIS
   CO-AUTHOR: HON. JOSIE M. CREER

C. PRESENTATION OF THE PROPOSED ORDINANCES

The author of the proposed ordinances presented and thoroughly explained the rationale of their respective proposed ordinances as well as all the provisions thereof.

D. OPEN FORUM

1. For the proposed ZOD ordinance, the resource person from the Provincial Health Office also explained that the DOH and the PHO are conducting re-evaluations of all municipalities which are at Level 0 (not yet ZOD) and those that are at Level 1 (ZOD with 95% of households with own toilets and 5% with Households with sharers of at least 11 persons toilets.)

Mr. Ragrag further stated that the implementation of ZOD does not only covers the provision of toilets per household but also the proper disposal of soiled diapers. He added that for the municipality of Tanauan, there are barangays as appearing on the records that are ready to be declared as ZOD such as Brgy. Amanluran and Brgy. Canramos where all households have their own toilets. Mr. Ragrag also stated that Brgy. Guindag-an may also be included in the evaluation considering that there is only one household without toilets but household members are considered sharers.

The Punong Barangay of Brgy. Guindag-an, PB Floro Juanitez, stated that the household in their barangay listed as without toilet actually has a toilet but is not functional. The Punong Barangay of Brgy. Buntay, PB Reynaldo Mosca on the other hand stated that there was an NGO who came to their barangay and wanted to donate the construction of a communal toilet but he refused considering that there is a problem of low to no water supply in the town proper and the maintenance of the communal toilet will be a problem which later on may only result for the same to be an eye sore in their public places.

The President of the Liga ng mga Barangay – Hon. Gimenez, requested from the Sangguniang Bayan to pass an SB Resolution addressed to prime water in relation to the long-time problem of the consumers of low to zero water supply, to which Hon. Octa manifested that there were a lot of Resolutions endorsed to the Prime Water already but even their management based in the province cannot act on the matter stating that the they have to escalate first the matter to the central office.

The Punong Barangay of Brgy. Sacme, PB Marites Salvaña, raised her concerns of the full septic tanks of the units at the relocation areas whether they can request for funding from the Provincial Health Office for the repair or expansion of said septic tanks. Mr. Ragrag answered that the Provincial Health do not have yet such funding as there program is only for evaluation of ZOD in every municipality. He stated that the household owners can contribute for the payment for septic tank siphoning services since expansion would seem not to be viable in relocation areas unlike in private households where the space is not limited.

The LGU Sanitary Inspector - Victorino Salubon, stated that the Barangay Chairpersons concerned may lobby with the Sangguniang Bayan or with the Office of the Mayor for funding not only for the provision of toilet bowls for households without their own toilets but also including the fund for the construction materials.

2. Having no further queries on the proposed Ordinance on Zero Open Defecation, the author of the proposed Ordinance establishing the Tourism Code of Tanauan, Leyte then proceeded with the presentation of the provisions her proposed Ordinance, emphasizing that aside that the same is a requirement for the SGLG indicators, the establishment of the Tourism Code will likewise help in promoting sustainable tourism development in the municipality.

   The Punong Barangays manifested no other comments on the proposed Tourism Code except that they reiterated their concern on the low water supply which will result to low influx of the tourists and visitors due to poor amenities in relation to water supply.

The main author manifested that they have already called the attention and invited resource persons from the Prime Water for committee hearings in relation to the water supply problem however Prime Water attributed their inability to address yet the said problem not only in Tanauan but in all their covered municipalities due to the change in management of Prime Water. Nevertheless, Hon. Morabe assured that the Tourism Code encompasses the issues on water supply such that the same cannot be hindered by the said problem alone.

E. ADJOURNMENT

There having no more matters to be discussed, the public hearing was adjourned at 12:20 at noon.
