Dear Hon. Vice Governor Sandy Javier,

I am writing to urgently request your platform's intervention regarding a severe public safety crisis in our community.

It has been almost a year since Typhoon Tino struck Leyte on November 3, damaging the hanging bridge in **Barangay Libertad, Abuyog, Leyte**. To this day, this vital connection—heavily relied upon by residents, taxpayers, daily wage workers, and students ranging from elementary to senior high school—remains unusable, structurally compromised, and extremely dangerous.

Despite partial and incomplete patch jobs funded by local allocations, the bridge remains a hazard. Surrounding barangays like Old Taligue and Tuy-a already have safe, concrete bridges. Yet, Libertadnons—including taxpayers, OFWs, and everyday citizens—continue to be left behind.

Key Concerns:

- **Imminent Danger:** People are still forced to risk their lives crossing the damaged bridge out of absolute necessity, especially with daily travel for school and work. A serious accident is waiting to happen.
- **Lack of Accountability & Transparency:** We demand answers from our local officials: Why has the repair been delayed for a full year? Where did the allocated repair budget go?
- **Impending Rainy Season:** With the rainy season fast approaching, the urgency to fix or fully restore this bridge is higher than ever.

We respectfully plead with your office to investigate this matter, hold the responsible parties accountable, and help us secure a safe and permanent solution for our community.

Thank you for your time, dedication, and service to the Filipino people.

Sincerely,

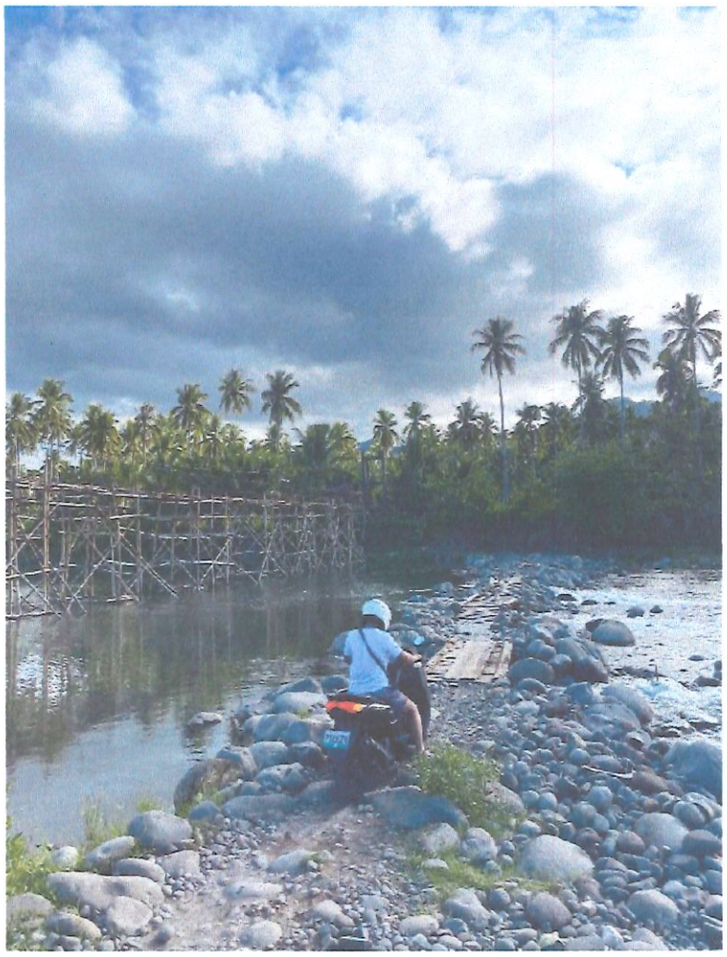

Diston Jim Urot

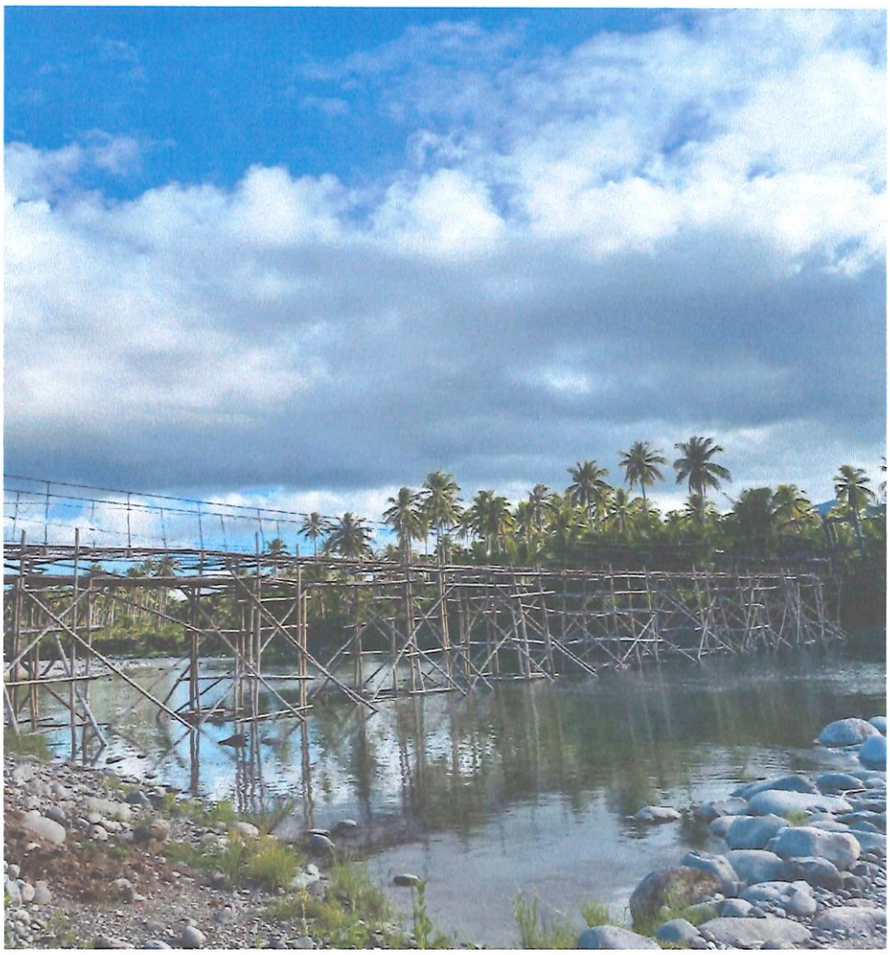

(Resident, OFW and Concerned Citizen)

[09560937800]

Barangay Libertad, Abuyog, Leyte
